**4) Are you familiar with all the resources available from the Region?**

**5** Yes    **16** No

**5) Have you visited the Region 3 Web Site:**

**21** Yes    **3** No

**6) What is the single item that the Region volunteers could do to make your section more successful?**

Succeed with the MD program that Lee Stogner is starting to emphasize  
Help with Leadership Training  
Help with any ideas to gain more attendance at meetings  
Participate in planned activities  
Concentrate on helping section increase volunteers and meeting attendance  
Additional resources/information regarding available speakers in the Region  
More members, more volunteers  
You need to send out email advertising what is available  
Provide local workshop assistance/support for section planning/growth  
Training  
Bring other members  
Leadership training  
Be available when I ask for help

**7) Other Comments:**

Have used resources such as Distinguished Lecturer Series, Scoop, Eye on Washington, etc., from IEEE HQ resources, but not aware of any R3 resources used.  
Increase communication between sections, not just through reports, but on a regular basis, perhaps with scheduled e-conferences. They need to share resources and ideas.  
Sharing ideas on activities and speakers among sections would aid in section development.  
You need to remind people of the services available  
We need more information for corporations showing the benefits of IEEE membership and sponsorship  
SoutheastCon is giving good ideas for use later
