I. ORGANIZATION

General

The Region 3 Operations Manual is a living document and the Region 3 Delegate/Director may approve an exception to any of the guidelines stated herein. Each exception will be reported to the Region 3 Executive Committee. In all instances, the IEEE Bylaws, Constitution, IEEE Policy and Procedure, MGA Operations Manual, and Region 3 Bylaws will prevail when there is a conflict between these documents and the Region 3 Operations Manual.

All changes to this document require the endorsement of the Region 3 Executive Committee (R3 ExCom.) The proposed changes shall be made available for R3 ExCom review at least 7 days prior to the meeting called to endorse them.

Region 3 is organized and operated in accordance with the IEEE Bylaws (Revisions through February 2009) I-402 series, Geographical Organization of Members, the IEEE Policy and Procedures Manual (Revisions through February 2009), Section 1, Regional Activities, Member and Geographic Activities (MGA) Operations Manual (Revisions through 1 March 2009) and the Region 3 Bylaws. The following provisions are unique to Region 3:

Geographical Areas (IEEE Bylaw I-402.2 Region Boundaries)

Region 3 is comprised of nine geographical Areas, eight Areas in the Southeastern U.S.A. and the island of Jamaica as part of its territory.

- Area 1, Virginia Council
- Area 2, North Carolina Council
- Area 3, Georgia
- Area 4, Florida Council
- Area 5, Tennessee Council, Arkansas (partial)
- Area 6, Alabama, Mississippi
- Area 7, South Carolina Council
- Area 8, Kentucky, Indiana (partial), Illinois (partial)
- Area 9, Jamaica

An Area Chair represents the Region in each Area. It is permissible to substitute a Council Chair in the event the Council boundaries encompass the geographic Area. There can be one or more Councils in an Area. The Area Chairs are appointed by the Region 3 Delegate/Director for a one or two year term in accordance with MGA Operations Manual, Section 9.2.A.1. The Council Chair is popularly elected by the members of the respective Council (IEEE Bylaw I-402.3) as defined in the MGA Operations Manual, Section 9.3.E.4. Council organization and operation is outlined in IEEE Bylaw I-402.3. Areas function under the direction and management of the Delegate/Director as specified in IEEE Bylaw I-402.2, and the MGA Operations Manual, Section 9.2.A.2.

Responsibilities of Region Executive Officers

The IEEE Region 3 Executive Officers are the Region Delegate/Director, the Delegate/Director-Elect, the Secretary, and the Treasurer. At the discretion of the Region 3 Delegate/Director the position of Secretary and the position of the Treasurer can be combined into a single position of Secretary/Treasurer.

The Region 3 Bylaws specifically address the responsibilities of Region executive officers, but at the discretion of the Region 3 Delegate/Director additional responsibilities may be assigned in

order to facilitate a more effective Region management and to complement the Region 3 Delegate/Director's management style.

Delegate/Director. The Region 3 Delegate/Director is the chief financial and management officer of the Region. The Region Delegate/Director is the Region 3 delegate on the IEEE Board of Directors (BoD) and other Institute major boards. Depending on the Region 3 Delegate/Director's level of involvement in Institute affairs, the Region 3 Delegate/Director may at his/her discretion delegate specific areas of Region management to the Region 3 Delegate/Director-Elect.

Delegate/Director-Elect. At the discretion of the Region 3 Delegate/Director, the Delegate/Director-Elect may be assigned partial or total internal management responsibility for the Region. The Delegate/Director-Elect serves as a member of the Region's management team and is an ex-officio member of the Finance and Strategic Planning committees.

Secretary. The Secretary is normally Chair of the Region 3 Tellers Committee (refer to Section V.AH.1) and provides support as required to the Region 3 Nominations and Appointments (N & A) Committee. The Secretary shall send out meeting notices in sufficient time to allow attendees to make travel arrangements that take full advantage of available airline discounts. Accompanying the meeting notice should be a copy of the current Region Professional Travel Policy and, where appropriate, the Region Student Travel Policy.

Treasurer. The Treasurer is Chair of the Region 3 Finance Committee (refer to Section V.6) which is responsible for formulating financial policies and procedures for the Region 3 Delegate/Director and Executive Committee. The Treasurer shall be responsible for receiving funds, keeping proper records, and making accurate reports as required and disbursing funds only as approved by the Delegate/Director or the Executive Committee.

Vacancies in Region Executive Offices

Delegate/Director. In the event of a vacancy in the office of Region 3 Delegate/Director the vacancy shall be filled in accordance with I-301.10.(6). Region 3 elects by popular vote a Delegate-Director and a vacancy in the Region Delegate/Director office results in an absence of voting representation for Region 3 on Institute Boards. If temporarily unable to fulfill his duties as Delegate/Director, the Region 3 Delegate/Director may designate the Delegate/Director-Elect to act in his/her place by notifying the Region 3 Executive Committee and the IEEE major boards in writing.

Delegate/Director-Elect. In the event of a vacancy in the position of Delegate/Director-Elect. The Region 3 Delegate/Director shall appoint a Vice Chairman from the Institute's previous Region 3 slate for Delegate /Director-Elect, normally the candidate that came in second in the Region 3 election. The Region 3 Delegate/ Director's appointment requires the approval, with simple majority vote, of the Region 3 Executive Committee.

Secretary. The Secretary is appointed by the Region 3 Delegate/Director with concurrence of the Region 3 Executive Committee. A vacancy in the office of Secretary, will be filled by the Region 3 Delegate/Director.

Treasurer. The Treasurer is appointed by the Region 3 Delegate/Director with concurrence of the Region 3 Executive Committee. A vacancy in the office of Treasurer, will be filled by the Region 3 Delegate/Director.

Region Committee and Executive Committee

Region Committee. The composition of the Region Committee is specified in MGA Operations Manual 9.1.F. The Region 3 Committee shall participate generally in the development of the IEEE through recommendations to the IEEE Board of Directors and/or the IEEE Executive Committee, and to the Sections, Areas/Area Councils within the Region. The Region 3 Delegate/Director serves as Chair of the Region Committee. The Region Committee consists of the following voting members:

Officers: Region 3 Delegate/Director, Delegate/Director-Elect, Secretary, Treasurer or Secretary/Treasurer, and immediate past Region 3 Delegate/Director.

Selected Appointments: The Section Chairs, the Area/Area-Council Chairs, the Student Activities Committee (SAC) Chair, the Professional Activities Operation (PAO) Committee Chair, the Member Engagement and Live Cycle Committee Chair, the Strategic Planning Committee Chair, and the Communications Committee Chair..

The Region Committee will meet at least once each year, at an appropriate time and place within the Region. A quorum for a Region Committee meeting shall consist of a majority of the members (or alternates) of the Committee and include representation from at least 50% of the Region's Sections. The Region 3 Delegate/Director or in the event of his/her unavailability, the Region 3 Delegate/Director-Elect shall be responsible for calling the Region 3 Committee Meetings and designating the location of the Meeting. Region 3 historically has its Annual (Committee) Meeting in conjunction with its annual Region 3 Conference, SoutheastCon.

Executive Committee. The Region 3 Committee has established an Executive Committee (ExCom) to act on its behalf between meetings of the Region 3 Committee. All actions of the Region 3 Executive Committee are subject to ratification by the Region 3 Committee. The composition of the Region 3 Executive Committee (ExCom) is determined by the Region 3 Delegate/Director and normally will include the following voting members and non-voting members:

Officers (voting): Region 3 Delegate/Director, Delegate/Director-Elect, Secretary, Treasurer or Secretary/Treasurer, and immediate past Region 3 Delegate/Director.

Selected Appointments (voting): The Area/Area Council Chairs, and the Region 3 Standing Committee Chairs. (See Section V for the composition and duties of the Region 3 Standing Committees and related Subcommittees.)

Other Selected Appointments (non-voting): Subcommittee and Ad Hoc Committee Chairs are non-voting members of the Region 3 Executive Committee. Ad Hoc Committee Chairs shall be appointed as necessary by the Region 3 Delegate/Director to address specific issues, deal with special situations as deemed appropriate and to ensure effective management of the Region. Ad Hoc Committee Chairs assignments are on a year-to-year basis.

The Region Executive Committee will meet at the pleasure of the Region 3 Delegate/Director, generally three times per year. A quorum for a Region 3 Executive Committee meeting shall consist of a majority of the Committee members.

II. POLICIES and PROCEDURES

Relationship of Region 3 to the Institute and to the Sections

For guidance in activities relating to IEEE organizational units, refer to the IEEE Policy and Procedures (P & P) Manual Section 9, and to the Member and Geographic Activities (MGA) Operations Manual Section 9.0. Activities of particular importance to Region 3 are addressed in the following paragraphs:

Participation in Region and Institute Activities

Executive Committee members are encouraged to:

- Regularly attend IEEE Region, Area/Area Council, Section, and Chapter meetings as well as Region conferences such as SoutheastCon and Southcon, represent the Region at these meetings, address these meetings on behalf of the Region Delegate/Director and the Region Executive Committee, assure attending members that these meetings have the support of the Region, and seek comments and advice from these organizational units.
- Participate in social events with IEEE Region 3 Area/Area Council, Section, Chapter and Conference leaders and members, and utilize such events and contacts to cement relationships between the Region and members of these major organizational units.

Region 3 Officers and Executive Committee members should encourage their spouses to participate in IEEE activities at all levels without reimbursement from the IEEE, and should encourage officers at all levels to have their spouses participate similarly. All members' spouses are encouraged to join and participate in the social events.

Conflict of Interest

The policy of the Region shall be consistent with that of the Institute. It is the responsibility of all members to be familiar with the IEEE Policy and Procedures Manual, Section 9.9 that states "... conflict of interest is defined as any situation in which a member's decisions or votes could substantially and directly affect the member's professional, personal, financial or business interests". This policy shall also apply to any non-members who are serving the IEEE in some capacity.

Region Executive Committee and Committee Meeting Minutes

The minutes of the Region 3 Executive Committee Meetings shall be distributed to all Region Executive Committee members as specified in the Region 3 Bylaws and the Region 3 Operations Manual, the Region 3 Archive Management Coordinator, and the MGA Department, attention: Manager, MGA Administration.

The minutes of the Region Committee Meeting shall be distributed to Region 3 Committee members (as specified by the Region 3 Bylaws), the Region 3 Historian and the Member and Geographic Activities Department, attention: MGA Secretary/Managing Director..

The minutes of any individual meeting of the Region Committee or Executive Committee shall be made available to any IEEE member in good standing on written request to the Region 3 Delegate/Director at a charge to be determined by the Region 3 Secretary. The charge shall cover the cost of reproduction, materials, and distribution.

Asynchronous Voting Policy and Procedures

As authorized by IEEE Bylaw I-300.4 (4) sometimes referred to as the e-mail vote bylaw, Region 3 has adopted the following procedure to be used when action is required on time sensitive issues and a face-to-face or synchronous meeting is not practical.

Prior Discussion

Discussion of the issue may occur either by synchronous or asynchronous means but an opportunity for discussion must have existed. This requirement may be satisfied by many means including but not limited to:

- * Face-to-face discussion at an announced meeting
- * IRC at an announced meeting
- * Teleconference at an announced meeting
- * Asynchronous discussion: e-mail, newsgroup, etc.

where the opportunity to be discussed has been announced by e-mail and, if the discussion is asynchronous, the opportunity for discussion lasts at least one week and one day. The ongoing discussion shall be available to all voters of the group.

The purpose of the prior discussion is to expose all relevant sides of an issue and to have informed voters. The discussion should lead to something that can be voted upon that appears to have a good chance of passing.

Voting

The voting materials will include a note as to how prior discussion occurred. At this time, the voting members will be asked to cast their votes. They may vote YES, NO, ABSTAIN for the motion within seven days. They may also add additional commentary as to why they vote the way they do. During this time, any member may change their vote by sending a new vote and disavowing their old vote. This would allow someone to be swayed by an argument by a 'later' voter. It is not possible to offer an amendment during the voting cycle.

Periodic Review of Region Standing Committees

Each of the Region 3 Standing Committees shall be reviewed at a minimum once every six years; Region 3 Standing Committees are as follows. The Standing Committee review is at the discretion of the Region 3 Director. The tentative Committee Review year is shown in Parenthesis.

- Audit (2010)
- Awards & Recognition (2011)
- Communications (2012)
- Conference (2008)
- Educational Activities (2008)
- Finance (2011)
- Leadership Development and Regional Support (2012)
- Membership Development (2007) Replaced by Member Engagement and Life Cycle
- Nominations and Appointments (2011)
- Professional Activities Operation (2007)
- Strategic Planning (2009)
- Student Activities (2010)

One or more members shall be appointed as a reviewer by the Region 3 Delegate/Director. The Chair of the Special Review Committee (SRC) shall be a past Delegate/Director of the Region

whenever possible. No member of the Special Review Committee may be a present member of the Committee being reviewed.

The Special Review Committee will delve into the effectiveness, continued need, policies, procedures, action, composition, budget considerations, and any other aspects of the committee being reviewed as appropriate. The committee review will normally be based on Standing Committee documentation for the previous four years and it is imperative that all Standing Committee Chairs maintain sufficient documentation and records to facilitate an effective committee review. A primary source for committee documentation is the Region 3 Archive Management System that is maintained for Region archival purposes only and the Region 3 World Wide Web site. All Standing Committee Chairs will transfer Committee documentation to the incoming Committee Chairs and the Archive Management Coordinator at the completion of their committee term.

The Special Review Committee will provide a written final report with recommendations to the Region 3 Delegate/Director with copy to the chair of the reviewed committee, ten (10) days prior to the fall Executive Committee Meeting. The Committee Chair will prepare a response to the review, addressing each recommendation and indicating acceptance, suggested modification, rejection, or need for guidance from the Region 3 Delegate/Director.

The Chair of the Special Review Committee will periodically monitor reviewed committees to ensure implementation of final recommendations is occurring in a timely manner. Refer to Section V.11A Special Review.

Audit of Region 3 and its Organizational Units

The Region 3 Audit Committee (Refer to Section V.. Audit) will perform administrative and financial management audits of Region 3 Standing Committees, Area/Area Councils, Sections and Subsections on an "as required" basis. The Region 3 Delegate/Director shall be responsible for identifying those Region entities to be audited. Primary consideration shall be given to delinquent Sections that repeatedly fail to demonstrate sound financial management and Region conferences that pose financial risk to the sponsoring Region entities and Region 3.

The Audit Committee can be charged by the Region 3 Delegate/Director to review policies and procedures which impact the finances of the Region. The Audit Committee shall conduct a review of the Region financial records annually. Refer to Section V.1 Audit.

Region 3 Master Schedule

The Region 3 Delegate/Director is responsible for establishing an annual Calendar of Events for Region 3 activities. These activities are scheduled wherever possible not to conflict with Institute major board meetings and other Member and Geographic Board activities. Shown is the "Region 3 Master Schedule". The Master Schedule is based on typical Region 3 activities and should be used for reference only. Seasonal notation for Calendar Year (CY) meetings (i.e., winter, Quarter 1(January, February, March); spring, Quarter 2 (April, May, June) etc.) are at the discretion of the Region 3 Delegate /Director. Region 3 scheduled activities are not shown for the Delegate/Director-Elect. The Delegate/Director-Elect is the "Executive Assistant" to the Region 3 Delegate/Director in the internal management of the Region; therefore, the Delegate/Director-Elect's responsibilities vary.

III. FINANCE

Responsibility

Region 3 finances are primarily under the management of the Treasurer. The responsibilities of the Treasurer are outlined in the Region 3 Bylaws, Article IV: Finances. The Region 3 Treasurer shall prepare the budget with the assistance of the Finance Committee (see Article IV: Section 2) and shall be responsible for the receipt, deposition and recording of all monies in the name of the Region. The Treasurer shall make only such disbursements as approved by the Region 3 Delegate/Director or the Region 3 Executive Committee. The Treasurer shall make such financial reports as may be required by IEEE Bylaws and/or Federal and State laws.

An indispensable reference for the Treasurer is the "Financial Operations Guide for Geographical Units", published by the Institute. The Treasurer should obtain a current copy for use.

Additional duties are acquired by custom and by delegation from the Region 3 Delegate/Director. The defined and additional duties are elaborated in the following paragraphs:

The Region Budget

Prudent financial management requires a carefully prepared budget and control of financial operations within the approved budget. The Executive Committee will publish an explicit written statement of the disbursement authority of the Treasurer so that clear guidelines are understood by the entire leadership of the Region.

The Region 3 Treasurer, as Chair of the Region 3 Finance Committee, (see Section V Finance Committee) should prepare a budget proposal for the forthcoming year, and present it at the last Region 3 Executive Committee meeting of the year for adoption and "recommendation to the next year's Region 3 Executive Committee". Since there is normally a substantial change in composition of the Region 3 Executive Committee each year, it is appropriate that the "recommended" budget be presented again at the first Region 3 Executive Committee meeting of the next year with any refinements needed due to new or improved data. Adoption by the Region Executive Committee at the first meeting will provide the financial guide for that year's financial operation.

Accounts are set up to closely follow the current IEEE Annual Geographic Unit Financial Report form to make reporting easier.

Region Reserves

Region 3 reserves should be adequate but not excessive. The Region reserves should be sufficient to cover the costs of the next Region 3 Student Conference and Annual Technical Conference (SoutheastCon) in case of cancellation or other unforeseen disaster. Region 3 shall maintain two types of reserve funds, General and Designated.

General Reserves. Uncommitted funds-reserve funds which are reported as a financial asset with "no offsetting" financial liability. Typical General Reserve sources are conference income, and Region allocation. The Region 3 General Reserve should be maintained between thirty-five percent and fifty percent of the average of Region 3 actual expenses in the prior four years or previous two Region 3 Delegate/Director terms. If the General Reserves become disproportionately large, systematic steps should be taken to increase the level of activity to serve the best interests and needs of the members within the Region. Refer to the MGA Operations Manual, Section 9.1.G. for further guidance.

Designated Reserves. Funds set apart for a specific purpose as designated by the Region 3 Delegate /Director, and the Region 3 Executive Committee or the Finance Committee with the concurrence of the Region 3 Delegate/Director. Examples of Designated Reserves are conference reserve, Sections Congress funds, and carried over Special Projects.

The Region 3 conference reserve, part of the Region 3 Conference Committee budget, is funded from surplus funds, which result from sponsorship of Region 3 conferences. This Designated Reserve fund has a cap of \$100,000.00, above which the funds revert to the Region 3 General Reserve.

Region Travel Policy

At the first meeting of each year the Region 3 Executive Committee shall establish a policy for travel and reimbursement for professional members and (separately) for student activities. The Professional Travel Policy should encourage attendance at Region 3 activities without allowing excessive expenditure of Region 3 funds. The Region 3 Student Travel Policy should provide support rather than complete funding of travel and other expenses for student activities.

The travel policies must be thoroughly analyzed by the Treasurer to determine that no provisions will allow an unwarranted or unexpected drain on Region funds. The Region 3 Regional Student Activities Chair (RSAC) shall provide a preliminary budget to the Region 3 Finance Committee based on the approved Student Travel Policy. The Region 3 Student Activities Chair is responsible for budgeting, monitoring student expenses and approving expense vouchers prior to submitting expense vouchers to the Region 3 Delegate/Director. The Region 3 Delegate/Director directly approves all other expenses. Student expenses will be submitted on the Region 3 "Student Expense Voucher", and have the correct approval signatures. The Treasurer is responsible for monitoring all expenses to assure the Student Activities budget is a balanced budget and Region reserves are not depleted.

Establishing Bank Accounts

The primary operating bank account is the IEEE Concentration Banking (CB) Account established by the IEEE Financial Operations staff. New signatures cards are necessary when there is a change of personnel in the offices of Region 3 Delegate/Director and Treasurer. Only one signature is required on the Region 3 checks. Both the Delegate/Director and the Treasurer are each authorized to sign checks even though it is expected that the Treasurer will be the usual signature barring incapacity. The IEEE Staff Director of Financial Services is also an approved signature in accordance with the IEEE operating procedure.

It is strongly recommended that all IEEE Units use the IEEE Concentration Banking Accounts for all checking accounts. However, an interest bearing checking account may be established at a bank that is convenient to the Treasurer. The Region Treasurer should investigate available competitive bank accounts, paying special attention to service charges, prevailing interest rates, minimum balances and other account requirements that would reduce Region 3 year-end general and accounting expenses. It would also be advantageous for the selected bank to have local branches where the bank account co-signers are located, which would simplify banking transactions if a vacancy occurred in the office of the Treasurer. It is customary to require only one signature on checks.

In accordance with IEEE Policy 11.3.3, the signature of the Staff Director - Financial Services or his designee is required on all bank account signature cards. It is Region 3 policy to have at least three signatures approved and on file at the bank; the Region 3 Treasurer, the IEEE Staff Director - Financial Services, and the Region 3 Delegate/Director and/or the Region 3 Delegate/ Director-Elect. To obtain the Staff Director - Financial Services signature the bank account signature

card(s) should be sent to: Administrator, Office Operations; Financial Services, IEEE; 445 Hoes Lane, P.O. Box 1331, Piscataway, NJ 08855-1331.

A concentration banking (CB) card is a credit card with debit features that can be used by IEEE units that have a CB account. The card is a MasterCard issued by JPMorganChase and can be used wherever MasterCard is accepted. The purpose of the card is to create a more efficient cost effective solution to the current traditional method of purchasing goods and services. Card will be issued in the name of the individual requesting the card and will also list the IEEE unit name. Expiration of the card account will occur every three years or when the officer's term expires, whichever comes first. To apply for a CB card, contact the Card Program Administrator at pcard-admin@ieee.org for an application.

Banks will require a Taxpayer Identification Number for all interest bearing accounts. The Federal Taxpayer Identification Number for Region 3 is 13-1656633.

The Region normally has some reserve funds which should be invested in interest bearing accounts. The Region has found it most convenient to deposit these funds with the IEEE Investment Program because professional investment management is provided by the IEEE.

Timely Collection of Funds Due the Region

Prudent financial management requires the timely collection of funds due the Region.

Institute Allocation. The primary source of Region 3 funding is the allocation provided by the Institute. The allocation is budgeted by the Institute, and the amount is accurately known at the time the Region budget is prepared. A prerequisite to issuing the rebate is filing of the prior year's IEEE Annual Geographic Unit Financial Report which is the responsibility of the Treasurer.

Project Funding. The Member and Geographic Activities Board provides funds for approved Special Projects. The amount obtained by Region 3 is determined by the amount requested, by the evaluation of the quality of the project proposals submitted, and by the aggressiveness and timeliness of the Region 3 Delegate/Director in pursuing approval by the Vice President for Member Geographic Activities. Additional project funds are available to Region entities from Region 3 funds derived from conference surplus and/or Region 3 allocations and from other IEEE major boards. Special Projects originating from Region entities should be partially supported (cost shared) by the sponsoring entity and by each entity level having approval authority over the Special Project. For example, a special project originated by a Section should involve Area/Area-Council and Region funding participation.

IEEE-USA Funding. IEEE-USA Professional Development Funds are provided to support all IEEE-USA projects and activities. The IEEE-USA budgets an allocated amount for each Region (1-6), the amount is known at the time the Region 3 budget is prepared, so it is possible to accurately forecast this amount. The Professional Development Funds IEEE-USA Budget allocations are based on 1/3 by population, 1/3 by number of Sections plus 1/3 equally (Regions 1-6). Actual funds are made available upon receipt of acceptable validation of the prior 12 months expenditures in accordance with the IEEE-USA Operations Manual. In previous years, if the Region failed to spend the prior year's IEEE-USA Support (Professional Development) Funds, the under-expenditure would be deducted from the current year's allocation. The Treasurer can provide a valuable service to the Region by ensuring that all expenses that are properly assigned to IEEE-USA are so assigned and by keeping the Professional Activities Operation Committee (PAOC) Chair and the Region 3 Delegate/Director apprised of the status of this account. Otherwise, the Region could lose funds since any expenses not properly assigned and paid for with IEEE-USA funds must be paid from other Region 3 funds. None of the Professional Development Funds may be used to support a newsletter unless the total newsletter or that allocated portion for which support is sought is devoted to professional development. Funds

cannot be used for travel outside the United States. A maximum of twenty-five percent (25%) of the Regional allocation may be used for attending the IEEE-USA annual meeting.

Conference Income. Conference income has been highly variable and somewhat unpredictable. SoutheastCon financial outcome can vary from a modest surplus to a modest loss. Conservative budgeting for this item is recommended. A forecast from the Conference Committee Chair or the Conference General Chair should be obtained as a first order estimate of expectations. After the conference, follow-up with the Conference General Chair is recommended to recover first any funds that the Region advanced the conference. The IEEE Policy and Procedures Manual, Policy 10. 1.9, states, "Surplus is to be distributed within 6 months of the conference".

After the closing of the conference financial records, a distribution of the surplus or funding of the conference deficit, should be expected during the fourth quarter of the calendar year.

Southcon can be a major income producer, and an estimate from the Region's two (2) representatives (refer to Section V. Conferences) for the Southcon Board of Directors is a good basis for budgeting this item. Distribution of the surplus is made at the direction of the Southcon Board of Directors.

Interest Income. With sound financial management, some interest income should be earned every year. An interest bearing checking account can produce a modest income, and investment of the Regions reserves can earn more. The current value of the Region 3 investment Account is reported to the Treasurer monthly by the IEEE Financial Operations Center. Any earnings on the investments are automatically reinvested for the benefit of Region 3 members. If the monthly report is not received, the Treasurer should make appropriate inquires to the Financial Operations Center.

Awards. The Region normally makes cash awards to the top three winners of the Student Paper Contest. Awards of \$800.00, \$500.00, and \$200.00, for a total of \$1,500.00, are standard. The IEEE Operations Center, Member and Geographic Activities Department, Student Activities Manager will refund, from the Life Member Fund, up to this maximum amount upon receipt of a letter request giving the names of the winners, their IEEE membership numbers, social security numbers, and the amount of their awards. The Treasurer should send this letter request immediately after the awards are made.

Contingency Funds. Should a financial crisis develop in the Region, there may be funds available from the Institute to help. Obtaining such funds will depend primarily on the Region 3 Delegate/Director presenting the Region's case to the Vice President, Member and Geographic Activities and on the merits of our case.

Section Support via Region (SSVR) Funds. The Region 3 Delegate/Director has at his/her discretion a MGA annual fund which is used to support Sections having financial difficulties which are significantly impacting or preventing normal Section operation. Region entities requiring financial assistance should send a letter to the Region Delegate/Director requesting such support, specifying the level of financial support (typically \$500), and using the key words, "*cannot continue operation at previous level*". Region 3 set a precedent in 1988 of funding Area/Area-Councils from the SSVR funds, using the same written procedures as for Sections.

Payment of Region Obligations

Disbursements of Region 3 funds are made with the approval of the Region 3 Delegate/Director and within the constraints of the approved budget.

Expense Vouchers. Volunteers who expend their own funds on approved Region business deserve prompt reimbursement of these expenses. The Region 3 Delegate/Director should review all vouchers for consistency with the approved Region 3 Professional Travel Policy and for

proper documentation (with receipts) and approve for payment the reimbursable expenses. The Treasurer should promptly pay these approved vouchers. The Region Delegate/Director may make notations on the vouchers of desired account allocations or the Treasurer may assign accounts based on the purpose of the expenditure. The heaviest work load of the Treasurer will occur in the two months immediately following the annual Region Committee Meeting, and time should be allocated to promptly handle the large number of vouchers that come in at that time. Region 3 policy states expense vouchers should be submitted to the Region 3 Delegate/Director "within 30 days of incurred expenses". The Delegate/Director will forward approved vouchers to the Treasurer for prompt disbursement".

Conferences. The Region may provide advances to conferences from the Conference Committee reserve fund. Careful records should be kept of the amount and the expected repayment time. Since there may be a change in Treasurers between disbursement and collection, the records should be conspicuous enough to allow follow-up by the subsequent Treasurer. Consideration should be given to allowing the Region to share in the surplus of the conferences for which advances are made due to foregoing interest income on the money advanced.

Special Projects. Some projects will require advances because of the size and nature of the expenses to be incurred. The Region requires thorough reports of the use of all funds advanced and the results obtained.

Financial Records and Reports

Accurate records of income and expenses are essential to good management and in preparing the required reports. Although handwritten ledgers are adequate, a MGA Department supplied financial software package, is owned by the Region. The Region 3 Treasurer should utilize the financial software package or an equivalent software program of his choice for both internal reporting and the Institutes external reporting requirements.

Balance Sheet Accounts. Balance sheet accounts should be developed to suit the needs and convenience of the Region 3 Delegate/Director and the Region Finance Committee. The financial software package supplied by the MGA Department can readily produce asset, liabilities, and capital accounts that facilitate the preparation of the IEEE Annual Geographic Unit Financial Report required by the Institute.

Financial Operations Report. The Treasurer should present a "Financial Operations Report" at every meeting of the Region 3 Executive Committee and Region Committee. The same report will be useful to the Region 3 Delegate/Director, Region 3 Delegate/Director-Elect, and the various committee chairs in the monitoring and guiding of the projects and activities of the Region entities. No standard template exists for the Region 3 Financial Operations Report. .

Annual Report to the Institute. The Treasurer should submit the IEEE Annual Geographic Unit Financial Report, Form L-50 in a timely manner to both the outgoing and incoming Region 3 Delegate/Directors for review, approval, and signature. The approved L-50 shall be forwarded to the IEEE Operations Center, Staff Director - Financial Services by the established deadline date.

Forms and instructions necessary to complete the financial report are updated and available on the web in December each year. Go to www.ieee.org/scsreports, and select the link for "Financial Report."

IEEE-USA Professional Development Funds Reports. The Treasurer should prepare a year-end report of PAOC expenditures which should be submitted to the Region 3 Delegate/Director, and the Chair of the Region 3 Professional Activities Operation Committee for approval. Once

approved it should be sent no later than January 15th annually, to the Manager, Professional Activities Council for Engineers in the Washington office. The annual Region IEEE-USA Professional Development Funds will not be released until this report is submitted.

Audit. The financial records of the Region shall be reviewed annually by the Region 3 Audit Committee (Section V.) which is appointed by the incoming Region 3 Delegate/Director. Records and accounts should be reviewed for accuracy and thoroughness. Emphasis should be on confirmation that the assets of the Region are known and correctly stated and the disbursements have been made in accordance with the approved procedures. The Audit Committee may recommend changes in the procedures and records to improve the operations of the Region.

IV. ANNUAL COMMUNICATIONS AND REPORTS

Function

The Region must satisfy Institute reporting requirements to be eligible for the Region 3 Allocation and IEEE-USA Professional Development Funds. The Region should submit to the IEEE Member and Geographic Activities Department timely reports for meetings and endeavor to keep current the "IEEE Organizational Roster Part III, Geographical Organization, Region 3-Southeastern USA". The Region 3 Delegate/Director is obligated to submit written reports to the Vice President - MGA in support of MGA Board meetings.
