Security:  Signed (Sean A. R. Haynes)

I must apologize for the lateness of my report.

Due to personal reasons I have not been able to perform my duties to the level I have wanted to.

The reasons behind this have passed and I now have the ability to devote the proper attention to Region 3 Committee Duties.

In order to regain control I plan on performing the following actions:

- 1) Start holding monthly Skype meetings with future SoutheastCon Chairs. I am greatly concerned about the lack of information flow from SoutheastCon 2011 and 2012.
- 2) In order to increase regional participation in Society conferences I am going to start contacting the chairs of upcoming (within 12 months) conferences being held within the region. I will offer to help them get in contact with local members and give them opportunities to advertise the Region 3 e-notice system.
- 3) In order to increase the number of conferences held within the Region I am going to contact the Society Conference coordinators and offer my assistance in finding locations within the region to hold their conference.
- 4) I will work with the past SoutheastCons that have not yet closed out to make sure that they get their conferences closed.

Thanks for your patience.

Sean
