The Louisville Section is active and recently invited the Lexington Section to join their tour of E.On's new dispatch center. Approximately 20 Louisville members and several Lexington members attended, and many of us ate dinner together.

The Lexington Section is active, holding monthly meetings, awarding PDHs for technical meetings, and recently submitted petitions for PES and IAS Chapters. Our most recent meeting had 19 attendees, for a presentation about energy efficiency.

No news from the Evansville-Owensboro Section.

Jerry Goerz
Area 8 Chair
