The students had a very active participation in the R3 Leadership Training in Atlanta. We had 36 students and 7 student branch counselors in attendance. All of them have given us very positive feedback on the workshop.

If somehow possible we would like to repeat the experience at SoutheastCon 2011 (and in Fall 2011) to keep the contact with the students and help the students to get an active network going. For the workshop at SoutheastCon we would like to add a session on SamIEEE.

We also had many teams registered for the IEEE Xtreme 24h programming competition on October 23 (October 22, 8pm EST -- October 23, 8pm EST):

(Taken from an email from Lara Fast, Gold coordinator and responsible for Xtreme at headquarters):
 Take a look at the registration records for IEEE Xtreme 4.0. There are nearly 3000 IEEE members represented by the registration numbers!!

Region	Registered Students	Registered Proctors	Registered Total IEEE Members
1	45	10	55
2	22	5	27
3	106	20	126
4	55	14	69
5	53	13	66
6	100	15	115
7	81	23	104
8	510	79	589
9	132	34	166
10	1449	187	1636
TOTAL	2553	400	2953

From this table you can see, that R3 has had the most teams and participants compared with the other US based regions.

Congratulations to all teams and proctors who have managed to stay up for 24h (yawn)

Thanks

Regina
