There are no Issues requiring action by the Region 3 Committee or ExCom at this time.

The Savannah Section has had the following successes/opportunities for engaging the member, volunteer, non-member, public:

* Helped sponsor the Savannah E-Week Technical Training conference provides technical training for Civil, Structural, Geotechnical, Water Resources, Environmental, Electrical, and Mechanical Engineers. This conference is part of an entire "e-week" of events in Savannah during the month of February.

Notable 2011 Section activities include:

* A tour of the JCB Savannah Facility in January, 2011. JCB is the third largest heavy equipment manufacturer in the world and our Section was very fortunate to receive a comprehensive tour of their manufacturing facilities. <http://www.jcbna.com/>

I look forward to seeing you in Nashville!
