

Ratcliff's Ramblings – Post Section's Congress 2011

At Section's Congress some of you may remember that we discussed asking the following questions as we attended the various breakout sessions.

- What should Region 3 supply to the IEEE Professional Home?
- What do you contribute to achieving the direction of IEEE?
- Who in my Section are engaged in IEEE's Mission and Direction?
- What needs to change ...in me, the Section, Region 3 and IEEE as a whole?

Now that we have returned to our individual worlds what are the answers to those questions? Even if you were not able to attend Sections Congress 2011 it is not too late to contemplate the questions and seek answers.

Perhaps these questions could be topics for discussion at our next ExCom or Area / Council planning session for 2012.

BTW, I am personally interested in your answers.
