At the Region 3 planning meeting in Orlando last weekend, Director-elect David Green led discussions of aligning with MGA goals, objectives, and missions. It is anticipated that recommendations will be brought forward to the SPC at its meeting during SoutheastCon 2012 in Orlando in March.

The 2012-2013 Plan will focus on core values and member engagement.

Elements under Member Engagement include:

- Educational
- Training
- Tools
- Metrics

Operation issues within the Region will be a second focus.

The Region 3 manual (page 41) will be revisited, "Engagement and Life Cycle." The manual will be updated to reflect membership of committees, rather than just the chairs of committees.

A goal will be an updated template for Region 3 conference management.
