IEEE Memphis Section Report –Submitted at Southeast Conference by Yuri Quintana on 3-18-12

#### Member Engagement Activities

- We updated our IEEE Memphis Web site ([www.ieeememphis.org](http://www.ieeememphis.org)) and we are maintaining it up to date with events
- We have strong faculty leaders providing mentorship for the IEEE student chapters
- Both IEEE CBU and Memphis student chapters have robots teams at the Southeast conference 2012
- IEEE CBU chapter won the best web site award
- We supported student travel to Southeast conference
- Students will be organizing a student SPAC conference focusing on professional development
- Student chapters have elected student leaders
- One student graduated and joined EXCOM
- Included students in EXCOM meetings

#### Outreach events

- Held a webcast on biomedical informatics in collaboration with IEEE Life Sciences, American Medical Informatics Association (AMIA), and Johnson and Johnson corporation
- Had some IEEE Members participate in Boy Scout meeting and supporting Engineering and Robotic merit badges
- Organized a summer camp for elementary students in grades 5-8.
- Submitted a grant for interactive museum exhibits in Life Sciences

#### Challenges

- Finding new EXCOM Leaders
- Managing membership list and working with SAMIEEE
