IEEE Region 3 Director
Gregg Vaughn
IEEE Region 3 Secretary

David, Gregg:
As requested, here is my IEEE Region 3 Area 6 Report and updated charts attached.

**Region 3 Area 6 (AL & MS) Report 3-31-2013 Ron Ogan
Progress Reported- updated plans
Engineering Employment and Economic Development**

Robotics meeting planned for MSU in Columbus/ Starkville, MS area	18 April 2013
--	----------------------

Promote and Support Engineering Education in AL & MS with initiatives for improved and awareness

Jackson State University Advisory Board meeting	Thursday 25 April 2013	
Supported HINDS Community College Unmanned Aerial Vehicle activities and Safety meetings	Thursday 12 March 2013	100 %

MathCounts presentation planned for Southeastcon	Friday 5 April 2013
---	--------------------------------

Contacts with IEEE Sections

- 1. Attended 3 Mississippi Section meetings in 2013 including an Excom meeting in January to approve budgets.**
- 2. Monthly email and/or phone contact with Huntsville, AL; Alabama and Mobile Section.**
- 3. Email sent to all AL & MS Sections to assure compliance with IEEE required Reporting.**

Issues

Netsuite continues to require IEEE support for Section Treasurers to complete inputs. This software is definitely not customer friendly and IEEE plans to implement Netsuite for conferences which is a major funding source for IEEE and Technical Societies

Respectfully Submitted,

Ron Ogan

IEEE Region 3 Area 6 (AL & MS) Chair

Subject: [IEEE R3] ExCom Teleconf 1 April, Action Items – Jacksonville Meeting

To: Region 3 ExCom

Fr: David Green, R3 Director

Sb: ExCom Teleconf 1 April, Action Items – Jacksonville Meeting

Hi,

Our meeting on Monday night will be focused on getting ready / assessing readiness for the Region 3 Events that are part of SoutheastCon 2013 in Jacksonville, FL on Friday, Saturday, and Sunday next week (April 5–7).

Please be prepared to briefly report on plans and status for any parts of the schedule you are responsible for. Please also help us look for things that are unresolved or unspecified so we can handle them earlier rather than later.

Additionally, I request that each of you create a report using the outline given in <http://ewh.ieee.org/reg/3/excom/meetings/2013-04/r3rptgle.html>. If possible, please submit that report prior to our meeting Monday night but if that is not possible due to time constraints, please submit it by noon on Wednesday, April 3rd so that we can have full reporting in place prior to meeting the section leaders.

Attached to this e-mail is the projects we have underway that were given to me at the first of the year. Please update your slide and send it back to me (or send me the data) so that we will have a completed status report at our meeting.

There are Area/Council meetings for all of the areas of Region 3. All of us are in one of these so please attend yours and be available to assist the Area Chair conducting the meeting. I ask that meeting chairs brief members on the activities planned for Saturday, conduct business as needed, provide an opportunity for discussion of concerns, successes and plans.

For the Area/Council Chair Meeting afterwards, I propose the following agenda:

Agenda for Meeting with Area/Council Chairs

- Saturday's Section Reporting
- Possible Report on Sunday
- Issues and Concerns
- Geo Model - Is it working?
- Other suggested items?

I look forward to seeing each of you and having a great set of meetings that are useful to ourselves and the section leaders of Region 3. Many thanks to Butch Shadwell and his crew for the efforts at putting all this together as well as to those on the ExCom that contributed in a variety of ways to make sure we are on track for a good meeting. Safe travels.

Talk to you Monday night at 9pm EDT using WebEx.

Dave

[OganR3Area...ppt \(890 KB\)](#)

Project: example

Goal

Promote and Support Engineering Education in AL & MS with initiatives for improved and awareness

Member Experience Improvement

- Improve IEEE and engineering awareness in AL & MS
- Be active in Teacher-in-Service, Women-In-Engineering, MathCounts, and High School presentations and robotic projects.
- Work with these Universities to promote IEEE and education initiatives:
- MSU, JSU, USM, UAH and USA (Mobile)

Project Success - Metrics

- Target to improve engineering enrollment by 5% in AL & MS

Progress

Milestone	Target Completion	% Complete
Set up meetings in AL & MS IEEE Sections with High Schools and key engineering companies to promote education	Dec 2013	
MathCounts presentation planned for Southeastcon	Friday 5 April 2013	
Jackson State University Advisory Board meeting	Thursday 25 April 2013	
Supported HINDS Community College Unmanned Aerial Vehicle activities and Safety meetings	Thursday 12 March 2013	100 %

Budget / Resources

Use IEEE Section budgets and corporate donations

Project: example

Goal

Engineering Employment and Economic Development

Member Experience Improvement

- Use IEEE clout to provide focus and get results to improve engineering employment in Electric Power Generation and Electric Vehicles working with the MSU Center for Advanced Vehicle Systems, Toyota, Blue Springs, MS and Nissan, Canton, MS
- Also, work with the aerospace companies Stark Aeronautics, Eurocopter, Aurora Aeronautics, Columbus, MS to engage in IEEE projects to increase employment

Project Success - Metrics

- Hold meetings in Vicksburg, Jackson and Starkville, MS to grow membership by 5%

Progress

Milestone	Target Completion	% Complete
Work with Governor Phil Bryant's MS Economic Development Council to form strategy. Participated in MS Legislative Day (note 1)	Dec 2013 (Note 1) 13 Mar 2013	(note 1) 100 %
Work with the MSU Center for Advanced Vehicle Systems (CAVS)	Dec 2013	
Robotics meeting planned for MSU in Columbus/ Starkville, MS area	18 April 2013	

Budget / Resources

Mississippi Section has entered a budget into Netsuite. Proposals for \$5,000 projects to be sent to R3 and IEEE-USA by May 2013
