Self-assigned project: update contact information on Region 3 and IEEE WIE websites

Since the last R3 ExCom meeting I attended, I have reviewed the information on the IEEE WIE and Region 3 websites pertaining to WIE Affinity Groups in Region 3.

I found several missing or incorrect listings and have contacted several members to try to find updated information and encourage them to update their entries.

After SoutheastCon, I will submit whatever information I have to both Region 3 and IEEE WIE for updating their respective websites.

The list of what I have so far is attached, there is one list from the Region 3 site and one from the WIE site.

Please look it over, and if you can help improve it, please do. I did not go through all the Region 3 unit links.

I am looking forward to learning about SAMIEEE(sp?) next week and hoping that it can help me find contacts for WIE in every council and section.

Any suggestions from organizers on where, when and how to communicate a get together during a lunch or break for all WIE members would be greatly appreciated.

News from WIE:

Their face-to-face annual meeting will be held in Atlanta May 4/5. About 30 people from around the world are expected.

The March 2013 WIE Newsletter is now available
