

Region 3 Ad Hoc Committee Member 360

Report to R3 Excom – 3 June 2013

Purpose

- ▶ Define the Data characteristics necessary to describe the Whole (360 degree) View of the Member
- ▶ To determine the information / data requirements, from the Section / Chapter perspective
- ▶ To understand the individual and collective needs of the member
- ▶ To engage the member and fulfill the mission of MGA and the overall mission of IEEE.
- ▶ To recognize the Section needs as well as the data collected by the Section to be utilized throughout IEEE.

Scope

The scope involves at least 2 separate time frames...

- ▶ Immediate to 1 year needs (short term)
- ▶ Needs 2018 and beyond (longer term)
- ▶ The requirements also are tied to the changes in the Section Operations as envisioned in the overall plan of MGA.

Project Milestones

- ▶ Define the Section functions (5-9) and decompose to major Processes (5-9 per function)
- ▶ Define the desired member interaction with the major processes
- ▶ Define the information requirements that will assist in engaging the member and data collection of the member's activity.
- ▶ Categorize and prioritize the requirements by time frame and impact.
- ▶ Develop a final report with time phased recommendations by October 2013

Currently Working....

- ▶ Individual Lists of Section Functions and Processes due 3 June 2013
- ▶ Create composite Function / Process model for discussion ... 5 June 2013 Meeting

Questions-Comments-Volunteers???
