

Region 3 Director Elect's Report  
August 4, 2013

On June 4, I attended the IEEE-USA Board Meeting via WebEx.

From June 26 to July 1, attended IEEE Board Series, including IEEE BOD meetings, IEEE-USA BOD meeting and MGA BOD meeting.

Attended ENCS Section meeting on July 25<sup>th</sup>. At that time, on behalf of Director Green, I presented the Region 3 Service Award to Dr. Dev Palmer. Dev was unable to attend SoutheastCon to receive his award. Congratulations Dev!

On July 30, I attended ENCS training led by Ken Pigg. It was exciting to learn that some of the participants traveled nearly 4 hours (each way) to attend the training. There were also several student members present which was very encouraging. Although this is my section, there were new section chairs present who had never attended a section event before. Good job Ken!

On August 2<sup>nd</sup>, I attended the IEEE-USA Board Meeting via telephone.

Respectfully submitted,  
Mary Ellen Randall  
Region 3 Director-Elect
