

Region 3 Director Elect's Report
September 9, 2013

Here are my recent activities.

- Participating in an EAB Strategic Planning Exercise.
- Arranged a Member Engagement Example for tonight's meeting.
- Attended Eastern NC Robotics & Automation meeting and provided the membership materials. Up to 6 new members may result.
- Updated the Member Engagement Goal Sheet. We are on track to complete by year end.

Please remember my newsletter challenge to each of you to meet with a newer member and get to know them better and what they want out of IEEE. I still have to complete this challenge myself, but have identified my target. Hope you are finding success and will seriously consider this challenge.

Respectfully submitted,
Mary Ellen Randall
Region 3 Director-Elect
