Volunteer Integration Process Project

Project Manager: Jill I. Gostin jgostin@ieee.org

Why?

- Volunteers often don't know what their responsibilities are or who to turn to when they have questions
- We need a formal, repeatable process for providing guidance to volunteers
- Lessons learned are often lost when a position transitions to a new volunteer
- Finding information through searching online can be frustrating and time consuming
- Events and deadlines are often overlooked, forgotten or unknown

What?

- Identify volunteers in new positions
- Push to them the information (job responsibilities, dates and deadlines) about their new position
- Connect the volunteer with a mentor
- Provide opportunity for feedback and evaluations
- Add lessons learned to the information repository
- Maintain a calendar related to each position and push reminders as needed
- Start with a few Sections

How?

- Push tool (initial notification make use of MGA current notification process)
