Challenges:

- Many active officers and volunteers have recently taken on increased responsibilities in IEEE and in their occupation leaving a bit of a leadership vacuum. Working to increase active volunteers in the section.

Goals:

1. Membership development/advancement. Held meeting in February. Added members and Senior Member applications.
2. SoutheastCon: FAMU-FSU Student Branch sent officers and 2 robot teams to SoutheastCon.
3. Increase Technical and Professional Meetings.
4. Active PES chapter schedule of meetings.
5. Present 2nd Annual IEEE Tallahassee Section Engineering Educator of the Year Awards this spring.
6. Increase number of volunteers in leadership positions (particularly section Secretary).
