To: r3-excom2014@IEEE.ORG, Pat Donohoe p.donohoe@IEEE.ORG, sec-r03@IEEE.ORG

It is time for the next issue of the Region 3 newsletter. This issue will be sent to all volunteers, to include student branch volunteers, of the region.

Theme: SoutheastCon 2014 Revisited

During this year's EXCOM held at SoutheastCon 2014 many topics were presented, discussed, and worked on.

We heard from the 2012-2013 Ad Hoc Committees updates on:

- Member 360 Degree View
- SoutheastCon Structure
- Leadership Development

The weekend's work group activity began with Director-elect Jim Conrad's 'Activity Focused Work Groups' presentation.

We also had a panel discussion that presented varying issues related to 'Developing Member Interest.'

Lastly we were presented information for the 2014-2015 Project Committees:

- MOVE
- VIP
- First Year Member Experience

For this issue we would like to revisit these topics. Provide articles that continue these presentations, what your section / chapter are doing related to any of the topics presented, or what ideas your section / chapter using based on information presented. Provide pictures if you have them.

Sections/Chapter/Student Branches volunteers are encouraged to participate in submission of articles.

As always articles on other section, chapter, and student activities that would be of interest to the region will be accepted.

Please submit articles, pictures, et al by May 17th. The target release for this issue will be mid-May.

Submitted articles, regardless of topic, are made available for sections to use / publish in section / chapter newsletters if appropriate. Please contact me for any articles in the newsletter that may be of interest to members of your section or chapter.
