

Region 3 Committee

Area and Section Reports

AREA 1 (VIRGINIA IS FOR LOVERS)

- Goals
 - Get each section in Virginia to identify a Primary Section Delegate to Sections Congress in Amsterdam (August) – Successfully Completed
 - Get each section in Virginia to send a Professional Activities Representative to the IEEE-USA Annual Meeting in Providence, RI (May) – Only 1 of 4 – Needs Work for 2015
 - Support the Hampton Roads Section in their bid to host IEEE SoutheastCon 2016 - Ongoing
 - Work as liaison between Virginia Sections and Regional, National, and International leadership – Ongoing
 - Student Branch Leaders Training Tentatively Scheduled for September (Thanks to Richmond Section for Hosting)
- Roadblocks
 - Section Budgets
 - “Mute” Section

Area 1

Central Virginia Section

- Goals.
- Milestones.
- Obstacles.

THE
LIGHTNING
ROUND

Area 1

IEEE Hampton Roads Section

Goals

- Membership
 - Reclaim 5% of Arrears/Inactive
 - Hold summer activities
 - Alternate monthly meeting dates (Wed/Th)
 - Increase Corporate participation (20%)
- Technical
 - Presentations/Tours
 - Techno-Social Gatherings
- Professional Development
 - MBTI Myers-Briggs assessment
 - PE PDHs
- Host 2016 SEC

Milestones

- Awarded 2016 SEC
- Submission - Regional Competition Outstanding Section Nomination
- PES Change of Leadership
- 5 technical meetings (as of June 2014)
 - Met meeting minimums
 - Conducted 2 summer tours
 - Collaborated with Society of American Military Engineers

Challenges

- Hampton Roads Geography
 - Overcoming Traffic
 - Finding affordable meeting space
- Volunteer staffing
- Engaging members
 - Programming to include children
 - Providing professional development

Richmond Section

Goals/Milestones/Obstacles

GOALS

- Establish better communication with Members
- Identify succession candidates for key positions early
- Attend SoutheastCon 2014, IEEE-USA 2014 and World Section Conference (SC14)
- Establish Membership Grade Elevation Program
- Establish STEM Outreach effort
- Hold at least one Section meeting at each Student Branch

Milestones

- Newsletter, email

Obstacles

- Errors in SAMIEEE database

Richmond Section

Status/Accomplishments

GOALS

- Establish better communication with Members (Work in Process)
- Identify succession candidates for key positions early (Not yet)
- Attend SoutheastCon 2014, IEEE-USA 2014 and World Section Conference (SC14) (Done!!!)
- Establish Membership Grade Elevation Program (Started)
- Establish STEM Outreach effort (Not yet)
- Hold at least one Section meeting at each Student Branch (Not yet)

Milestones

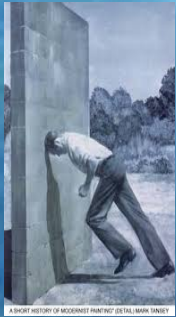

- Newsletter, email (Not yet)

Obstacles

- Errors in SAMIEEE database (Uncorrected)

Virginia Mountain Section

(The Moonshine Capital of the World)

Challenges:

- Everybody is busy - no time for our meetings
- Lack of corporate sponsorship/support for IEEE
- Need closer relationships with student branches
- Geography: 200 mountainous miles along I-81

Milestones:

- Section leadership: academia & industry balance
- Several Distinguished Lecturer speakers for 2014
- Developing a PE preparation course

Goals:

- Increase attendance at meetings by 25%
- Establish a "Continuity Book" for all officers
- Offer our first PE preparation course

Area 2 - IEEE North Carolina Council

August 21, 2014

Goal:

Improve the service to and engagement of our members at the local level by encouraging and facilitating:

- Leadership development.
- Communications among the sections of our Council.
- Representation of the sections of North Carolina with other organizational elements of IEEE.

Challenges:

- New section leadership struggle to understand and master the responsibilities of their offices.
- Prospective leaders are reluctant to accept assignments due to lack of understanding of the role.

Milestones:

- ✓ Conduct a face-to-face Council meeting within the State of North Carolina. **Complete 2/8/14.**
- ✓ Conduct Council Meeting at Southeast Con 2014 in Lexington, KY. **Complete 3/14/14.**
- ✓ Appoint webmaster to maintain Council website. **Complete 3/14/14.**
- ☐ Conduct Council gathering at Sections Congress 2014 in Amsterdam, The Netherlands.
- ☐ Conduct fall training program for leadership of Sections within Council.
- ☐ Conduct Elections for 2015 Council Officers.

IEEE CENTRAL NORTH CAROLINA SECTION (RAJEEV AGRAWAL)

Goals:

- Plan 50th Anniversary of Section on 12th Nov, 2015 => working on
- Organize a social event for section members and their families => achieved
- Establish better communication mechanism with the members => made progress
- Plan a technical activity for practitioners => didn't achieve

Milestones:

- Setup a committee to brainstorm 50th anniversary celebration by April 30th, 2014
- Decide a date for social event at Greensboro Science Center sometimes in Summer=> did it on 08/09/2014 successfully
- Identify a volunteer as a webmaster/communication contact by May 30th, 2014
- Organize one day Metro Area Workshop in Fall 2014. => will do next year

Challenges:

- Lack of member interest in attending events
- Availability of few volunteers
- Focus on our goals and milestones

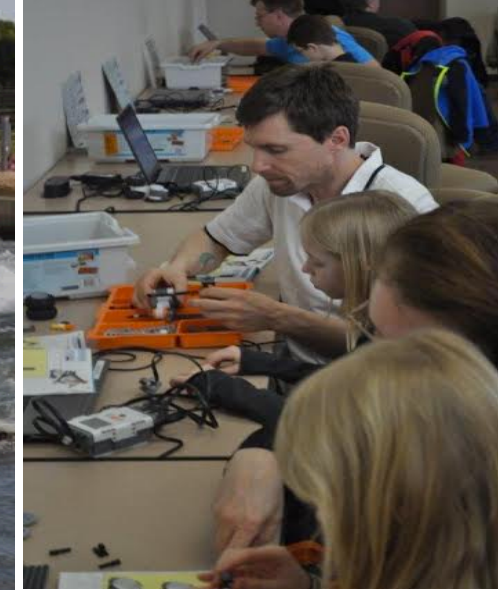

IEEE CENTRAL NORTH CAROLINA SECTION (RAJEEV AGRAWAL)

Activities:

- Technical Seminar - Metamaterials, Magic and Mystery by Bill Young (04/14/2014)
- NCA&TSU senior design project contest for all of the college on engineering students
- Triad Highschool Computer Software Contest (05/10/2014)
- Technical Seminar - A Unified Compact Model for GaN-based HEMTs by Dr. Xing Zhou, Nanyang Technological University, Singapore
- IEEE GSO Science Center Day 2014 (08/09/2014)

Upcoming:

- "Fundamentals of Financial Planning for Engineers and Scientists" by David Duff
- Plant tour: HondaJet, Gilbarco
- **Section meeting: Every second Wednesday**

IEEE Charlotte

Goals:

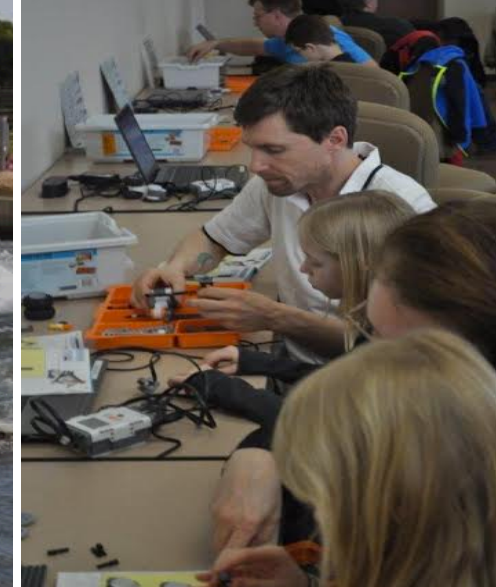

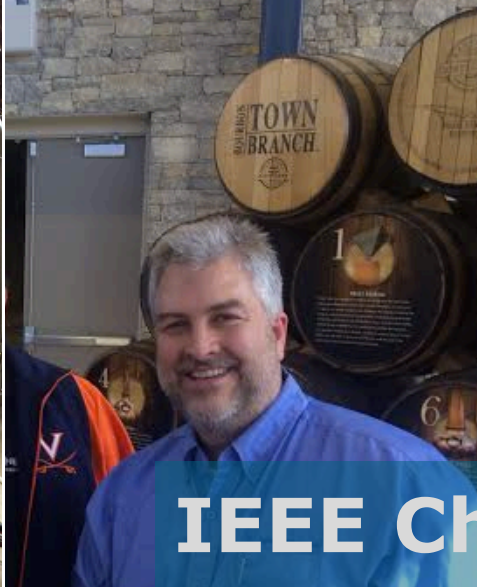

- Increase participation with sister organizations (ASME, AIA, AEE)
- Balance academic and industrial programs/events
- Reach members across MGA hard boundaries

Milestones:

- Joint plant tours with ASME
- Monthly plant/facility tours and speaker presentations
- Contacted Columbia, Piedmont, Western NC and Winston-Salem section

Obstacles:

- Making meeting data *easily* available
- Connecting with student members (outside of academic functions)
- Competition for members' time and attention

IEEE Charlotte

Achivements:

- Held meeting with sister organizations (ASME, AIA, AEE)
- Holding academic and industrial programs/events
- Contacted nearby Sections
- Using MeetUp to make meeting data *easily* available

Gentlemen, this is a football!

<p>Execute a STEP meeting with Young Professionals and our three student branches.</p> <p>8/22/2014 update</p> <p>- rescheduled for October</p>	5/30/2014
<p>Chapters, affinity groups, and section all have active leadership.</p> <p>8/22/2014 update</p> <p>- new WIE chair</p> <p>- still need Geoscience & Remote Sensing, Power Electronics</p>	6/30/2014
<p>Execute three section social events (family event, awards, end of year).</p> <p>8/22/2014 update</p> <p>- family event completed, 115 participants</p> <p>- awards and end of year meeting combined</p>	12/31/2, 014

Gentlemen, this is a football!

<p>Section and all chapters meet MGA annual meeting requirements .</p> <p>8/22/2014 update</p> <ul style="list-style-type: none"> - now requiring L31 to be filed for meeting expense reimbursement - request update at monthly EXCOM meetings 	12/31/2014
<p>Section website consistently up to date (within one week).</p> <p>8/22/2014 update</p> <ul style="list-style-type: none"> - doing better but still in process 	12/31/2014

Obstacle

Finding and training new volunteers.

Western North Carolina Section

► **Goals**

- STEM / Makers – provide support.
- Student Branches – training
- Local Consultants Network - 2 events
- Young Professionals – Conduct a STEP event
- PES – 3 events
- 50TH anniversary in 2015. Party, new shirts, update banner

► **Milestones –**

- Conducted successful day long strategic planning retreat for 2015 plans.

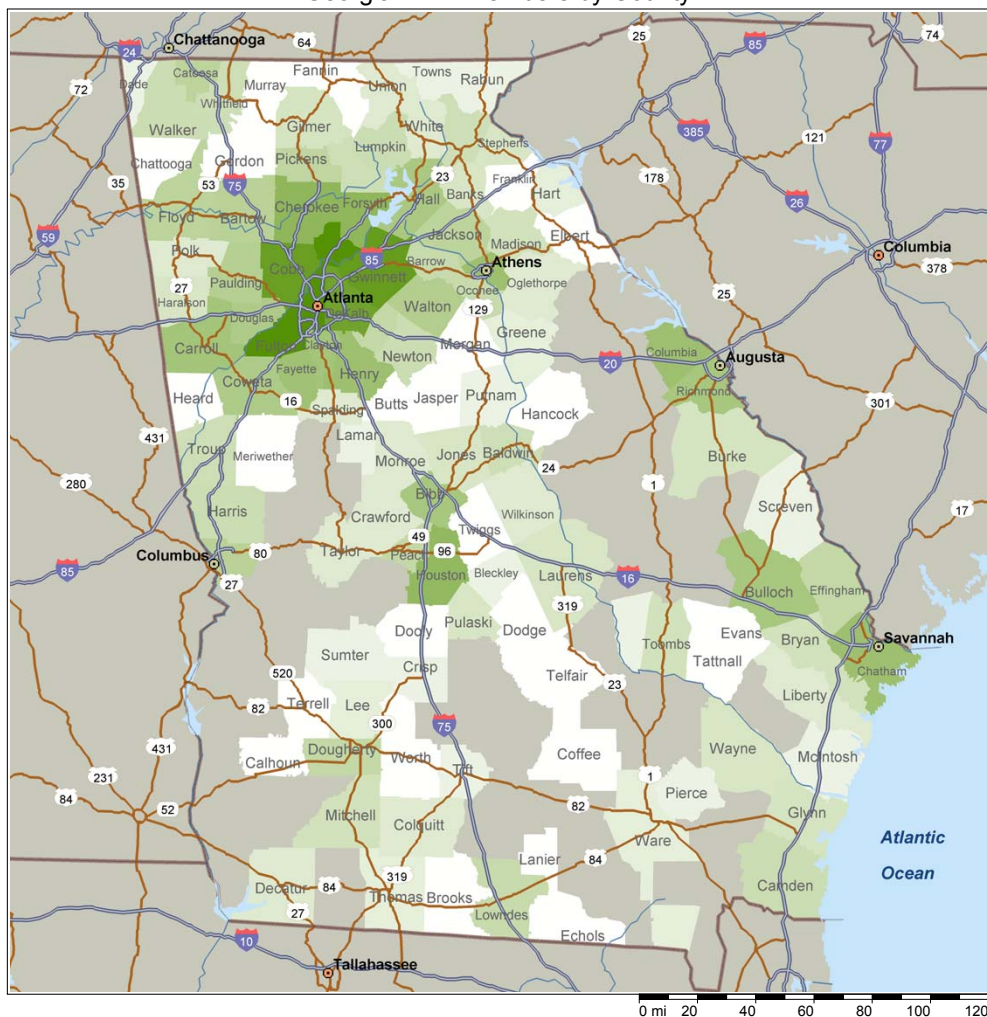

► **Challenges –**

- Getting more members to show up. Leadership succession.

Section Report: Winston-Salem, NC

- Goals
 - Three tours
 - Inter-section coordinated events (also ASME)
 - Rotate meetings around entire section bounds
 - 2 Social events
 - Increase membership
- Milestones (Accomplished)
 - Installation of FTCC Club
 - New blood: PACE, Vice Chair, Treasurer
- Milestones (Future)
 - Project/mentor nights
 - Active Road Show: materials, demos, contact info
 - Full ExCom, with proactive members
 - Surpass 200 members by year end
- Obstacles
 - Finding committed volunteers and fostering their enthusiasm
 - Finding and maintaining new members

Georgia IEEE Members by County

Area 3 Goals:

- Goal #1: Discover who we are
 - Determine how Area 3 integrates with its neighbor sections: by looking at membership near Savannah, Augusta, Chattanooga, Columbus, Tallahassee, and Jacksonville
 - Infer what industries Area 3 members work in: by first looking at society membership and how it's distributed
 - Understanding how student members are associated with sections
- Goal #2: Reach members statewide
- Goal #3: Better coordinate/collaborate in A3
 - Website; quarterly meeting, speaker exchange
- Goal #4: Reach out to other "STEM" organizations, agencies, activities in GA
 - Make a connection with gov't
 - Track changes in education in GA

Area 3 Milestones:

- 4/15 – Geography/Membership Survey
- 5/1 – A3 online meeting
- 7/1 – Fall picnic planning underway
- 8/1 – Have A3 goals/plan ready to report at Section's Congress

Area 3 Obstacles:

- Extending statewide scope outside Atlanta Section
- Engaging members across the state

IEEE Atlanta Section Goals Update

- Senior Membership:
 - Goal – Elevate at least 30 members
 - YTD – 31 Senior Members
- “Hands On” Activities:
 - Goal – At least two events
 - YTD –
 - “Introduce a Girl to Engineering” – Ivy Prep
 - “Family Science Nights” – Dunwoody Elementary School
 - “Girl Scout STEM Expo” – planned for September
- Section Level Meetings:
 - Goal – At least 3 co-hosted events with other organizations
 - YTD –
 - “Online Reputation Management” – YP, Students, TWIST
 - “Imposter Panel” – WIE, WIT, SWE, Students, & WIB

IEEE Central Georgia Section

- Goal for 2014
 - Establish relationships with IEEE Members and Engineers in less dense geographic areas of section. Provide opportunities for section involvement in adjacent section if interest/convenience/etc.
- Milestone hopefuls
 - Establish a regular meeting rhythm.
 - Publish section calendar online.
 - Host Section Meetings via Video TeleConference (VTC) possibly including streaming direct to members in remote areas
 - Young Professionals?, PACE Chair?
 - Region-level award nomination(s)?
- Obstacles, Challenges, and otherwise Hard Stuff
 - Lack of momentum

Savannah Section Report for Region 3 Meeting at SC14

GOALS

- Officer Recruitment & Training
- Additional Meetings
- Better use of vTools and e-notice
- Website Improvement
- Cooperation with Student Sections, Societies and Region 3

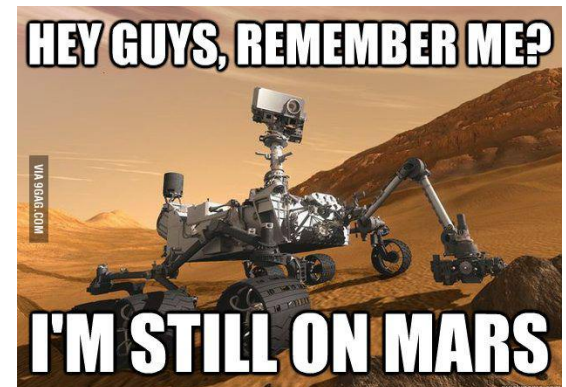

MILESTONES

- Filled all major officer positions
- Full Calendar of events
- Received Sections Spotlight from MD Monthly Report in May
- Upgraded website

OBSTACLES

- Travel within Section to meetings
- Continued website improvement
- Continued Officer and member involvement

The Best Damn Council Out There: Florida Council (Area 4)

Area 4

Broward Section

- Goals.
- Milestones.
- Obstacles.

Area 4

Canaveral Section

- Goals.
- Milestones.
- Obstacles.

Area 4

Canaveral Section

Goals: Forward Information from Area, Use SAMIEEE data, Network across Sections, Attend IEEE conferences, STEM outreach, Refresh website.

Objectives: Grow membership by 10%, Help members feel welcome,

Objectives: Learn what members want from IEEE, Hold Professional Development meetings.

Obstacles: Few members, People do not answer email messages, Some members have lost jobs, New leaders do not understand roles.

08/13/11

Area 4

Daytona Section - Goals

- Increase volunteer base to include non-life-member, non-ERAU participants in active leadership positions.
- Expand meeting variety to better meet the geographic needs of the sprawled community.
- (Stretch Goal) Obtain local industry support/networking to increase enrollment from the small businesses here.

Area 4

Daytona Section - Milestones

- A “non-usual suspect” in the volunteer force
- One meeting a “semester” outside of the Daytona Beach area.
- One meeting in partnership with local industry.

08/22/2014

Area 4

Daytona Section - Obstacles

- Inertia.
- Pragmatic affiliation of local membership with adjacent sections.
- Industry perceptions of IEEE as retired engineers/students only (as if that were a bad thing.)
- Big bad boy: THE ECONOMY.

08/22/2014

Area 4

Florida West Coast Section

Goal: Rebuild Life Member Affinity Group,
Increase Endowment, Reconstitute
Instrumentation & Measurement,
Chapter

Challenge: Member Engagement,
Increase Higher Level Membership

Milestone: Endowment increase, 5%
Increase in high level members,
Successful I&M Chapter, Life Members

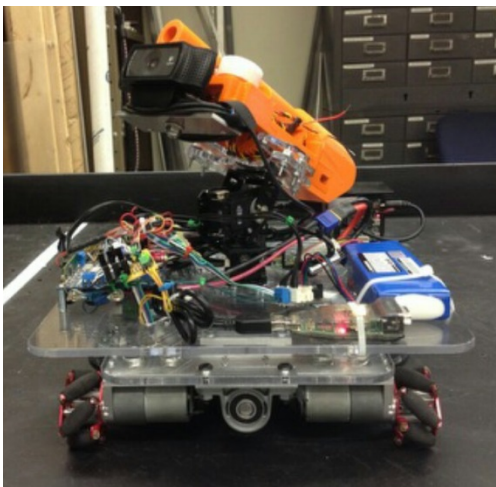

03/17/12

Gainesville Section

- Our primary goal is to support student projects.
 - This, we believe, will help to develop good memories of IEEE throughout their lives.
- Over the last 12 months, the results of our student project sponsoring is shown in the following.
- We will sponsor the same three project over the next 12 months.

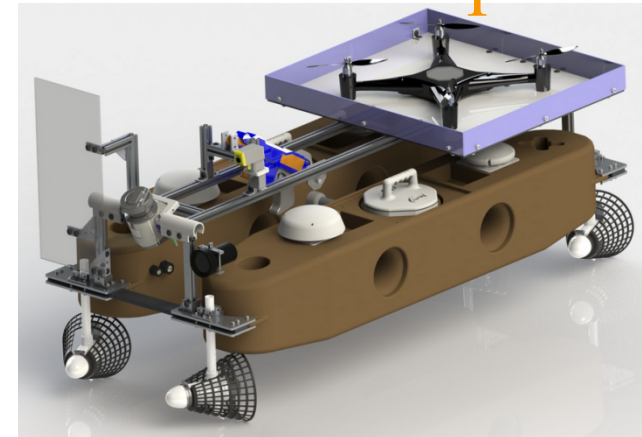

SoutheastCon Best Run

SubjuGator 2013 RoboSub 2nd in the World

PropaGator 2013 RoboBoat World Champion

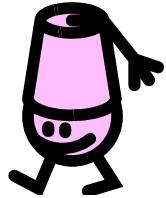

Jacksonville Section 2014

Goals:

- Five new volunteers in active roles in the section
 - In progress

- Joint EE and CS student meetings - Done

Milestones:

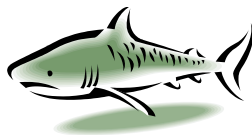

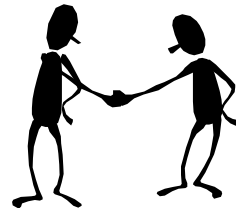

- Recruit five Free Masons and tell them the IEEE is a humanitarian organization
- Student branch meeting where the group with the largest representation gets an autographed picture of Tito Puente

Obstacles:

- Creating the secret handshake and ritual to induct the new members
- Finding the autographed picture of Tito Puente

Area 4

Melbourne Section

- Goals.
- Milestones.
- Obstacles.

Miami Section Report at SC-2014- Amsterdam

- Goals
 - Continue support of student branches
 - Have at least 5 technical meetings per month
 - Nominate 10 members for senior memberships grade
 - Have more social events
- Milestones
 - Nominated 5 members for senior members that were all approved in 2014
 - Conducted 3 teacher STEM workshops on how to prepare their students for competitions and careers in STEM fields
 - Provided three awards for student senior projects
 - Improved the Section Website
- Obstacles
 - Finding Volunteers
 - Encouraging Chapter Chairs to be more active
 - Getting more industry support.

Area 4

Northwest Florida Section

- Goals.
- Milestones.
- Obstacles.

Orlando Section

- Goals
 - Support Current 1400 Members, Improve Engagement
 - Retain Lapsed Members/Recruit New Members
 - Continue to Support STEAM Project
- Milestones
 - STEAM School Tours/Seek Next Phase Funding
 - ExCom Meetings/Chapters/Groups Meetings
 - Support Student Members/Young Professionals
 - Member Recognitions: Awards and E-week Awards
- Obstacles
 - Active and broader member engagement

Area 4

Palm Beach Section

- Goals.
- Milestones.
- Obstacles.

Area 4

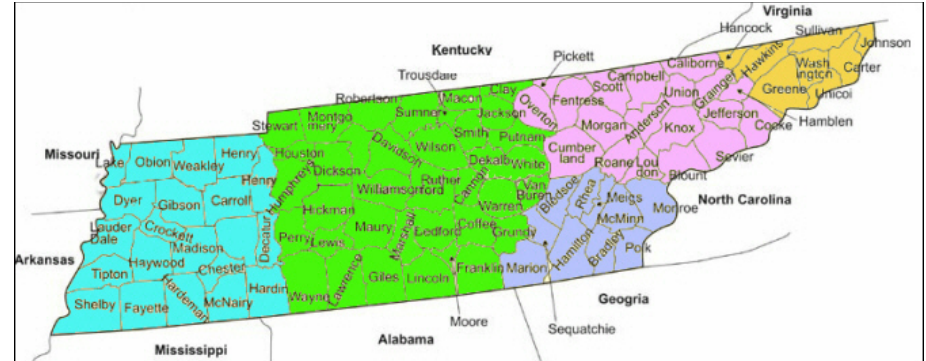

Tallahassee Section

- Goals.
- Milestones.
- Obstacles.

IEEE Region 3 Area 5/Tennessee Council
Report for Region 3 Meeting at Sections Congress 2014
August 2014

Area 5/Tennessee Council Officers
Chair Tim Bigelow
Vice Chair Neena Imam
Treasurer Martin Bauer

Web Site: http://ewh.ieee.org/r3/tn_council/

Goals:

- Improve connectivity amongst Area/Council sections
- Assist 2 struggling sections to recover however possible
- Get new leadership involved in the Council operation
- Update web site

Milestones:

- Organize statewide meeting spring 2015
- Promote more section involvement in Southeastcon

Area 5

Chattanooga Section

- Goals.
- Milestones.
- Obstacles.

East Tennessee IEEE Section Area 5

Membership Recruitment and Retention

- New Membership development officer
 - Held 2 membership meetings : One at University of Tennessee to make students aware of the professional section. One a BBM to reach out to industry and find companies that pay for memberships.
- New Life Member affinity Group. Meetings: Breakfast, coffee “breaks”, and golf tournament

Attendance/Representation

- At least one officer attended SouthEastCon, IEEE-USA, and SC2014

Increased Community Involvement

- Joined a newly formed STEM committee for East TN stem programs
 - Members: Several professional societies, University professors, and STEM teachers
 - Planned and executed several STEM activities

Meeting Held since SouthEastCon

- 7 technical meetings were held covering topics ranging from: Fusion Energy (ITER), Additive Manufacturing (3D printing), Biofuels (ORNL), Cancer Center Technologies (Provision)

University Student Activities/Involvement

- Course for students to earn HAM radio operator license (all 3 levels in one day)

IEEE Memphis Section

Goals

- Provide value to section members by delivering quality technical, social, and professional development experiences
- Support the student chapters
- Provide support to local K-12 STEM activities
- Increase involvement of Memphis area IEEE members

Milestones

- Meet all meeting requirements for chapters and affinity groups
- Successfully provide financial support to student chapters and have full participation in SoutheastCon
- Recognize IEEE Memphis engineers at awards
- Hold an S-PAC event and at least one major social event
- Hold activities for PACE, WIE, YP, and STEM outreach program

Obstacles

- Engaging current members
- Finding new volunteers for ExCom

Chair: Amy De Jong Curry – adejongh@memphis.edu

Area 5

Central Tennessee Section

- Goals.
- Milestones.
- Obstacles.

Area 5

Tri Cities Section

- Goals.
- Milestones.
- Obstacles.

2014 Area 6 Goals (AL & MS)

- Goals
 - Membership Growth – Reverse member loss using Dashboard & SAMIEEE
 - Young Professionals – Introduce the Young Professional Program and energize this member group
 - Student Branches >> Strengthen relationships and activities with the Branches in each Section and Area 6
- Milestones
 - Contact Arrears members and establish new member contact process
 - Identify Young Professional Chair and core member team within each section. Establish Young Professional activity calendar for 2H2014
 - Hold Meetings using Distance Learning tools to deliver programs within the Area to Sections and Branches
- Challenges
 - Finding Volunteers to take on Section leadership roles
 - Geographic distances for some of the Area 6 Sections

Alabama Section 2014 Goals

Goals:

- Continue to support our strong chapter/affinity groups as they continue to be our primary driver for member engagement throughout the year, including our newly-formed and very popular Life Member Affinity group
- Increase our interaction with the student branches at the five universities in our jurisdiction
- Continue our support of STEM-related initiatives such as Mathcounts and BEST Robotics

Milestones:

- Review levels of monetary support for each entity with the intent of increasing levels where possible
- Encourage certain chapter groups to increase their number of meetings

Goals:

- Continue momentum gained at the 2013 Senior Member Rodeo, looking for opportunities to encourage members to pursue advancements.
- Create a Young Professionals group and target members aged 25-40.

Milestones:

- Track number of members pursuing member status advancement in 2014.
- Track progress of formation and participation in this new group

Goal:

- Conduct a survey of members in arrears to gain insights into their leaving

Milestone:

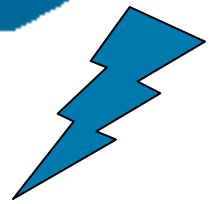

- Study results and form a plan to improve the situation

Challenges:

- Finding ways to engage members aged 25-40
- Identifying and recruiting new volunteers to participate at the section level

Submitted by Eric Brockman, Section Chair

IEEE Huntsville Section Lightning Report

Goals:

1. Train ExCom members on usage of productivity tools such as WordPress, VTools, SAMIEEE, and NetSuite
2. Hold at least 4 technical meetings in 2014 by Section and member Societies, including at least one Distinguished Lecturer
3. Re-engage Alabama A&M Student Chapter in SoutheastCon 2015 participation
4. Hold 60th Anniversary Social event by October 2014
5. Engage and reduce the number of members in arrears by 20%
6. Evaluate potential new conferences to be held in Huntsville
7. Send at least one officer to SoutheastCon 2014
8. Send one officer to Sections Congress 2014

Milestones for Each Goal (as Applicable):

1. 50% Trained by March 31, 2014.
Remainder by June 30, 2014.
2. Monthly ExCom Check on Technical Meeting Metrics.
3. September 2014.
4. October 2014.
5. Ten per Month Beginning April 2014 and ending August 2014.
6. TBD.
7. Completed March 16, 2014.
8. August 22-24, 2014.

Obstacles:

- Finding suitable presenters that increase attendance at meetings
- Engaging members to step-up and engage in ExCom activities
- Getting employers involved in members IEEE activities (time off, etc.)
- Lack of consistent venue location for meetings
- Lack of centralized storage location for Section artifacts and data
- Lack of a Membership Value Proposition

Area 6

Mississippi Section

Goals-

Use all IEEE available methods to inform existing and new Section members of the reasons why they cannot afford not to join IEEE Mississippi Sections

Milestones / Committed Time line –

Increase Senior Membership by 10 plus members - August 2015

Conduct three PACE events - November 2015

Release key Section officers position descriptions - March 2015

Obstacles -

Improve engagements between MS Section and R3 2015 Area 6 Chair

Better understand how to use IEEE resources to identify 1. Who are possible SM candidate, 2. Who are new members and members in the arrear.

Area 6

Mobile Section

- Goals.
- Milestones.
- Obstacles.

Area 7

SC Council @ 2014 Sections Congress

‣ **Milestones**

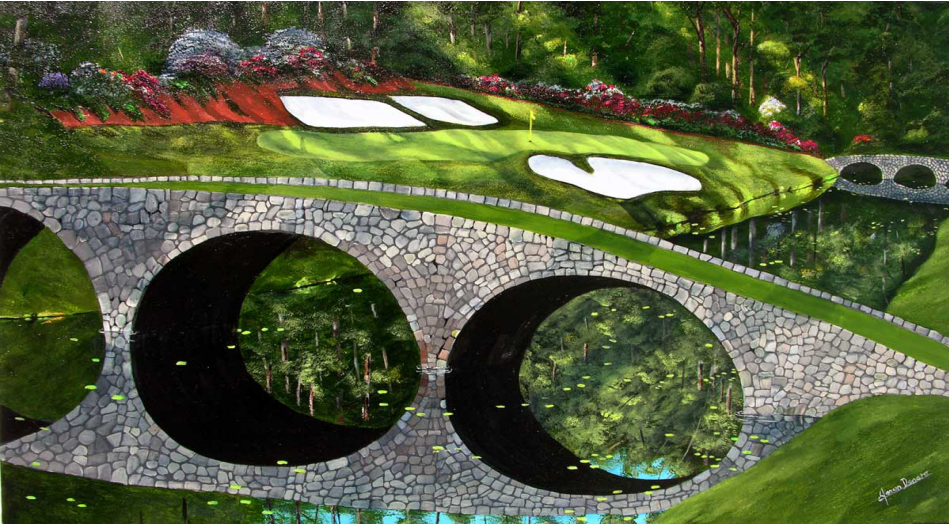

- Met, reorganized, 2014 officers
- New officers have financial control

‣ **Goals**

- Update SC Council By Laws
- Hold Annual Meeting
- Elect 2015 Officers
- Represent IEEE at SCSESS

‣ **Obstacles**

- Many items to accomplish in a short time
- Finances

Central Savannah River Section

Keep The Section Active

Continue to Promote Engr to Primary Sch St

?

Pass the Leadership baton

Area 7

Coastal South Carolina Section

Goal: Keep Section Viable, Recruit and train new officers, Organize interesting events for members

Milestone: Hold 5 technical meetings including 2 technical meetings, Send 2 officers to SoutheastCon and representatives to Sections Congress

Obstacles: Finding intriguing meeting topics, Attracting members to take on leadership roles

03/17/12

IEEE Columbia Section

- ▶ Goals: Continue to use lessons learned and IEEE data to prioritize and focus the energy, resources, strengths, and efforts of the Section in the changing environment.
- ▶ Milestones: Complete forming seven Chapters and two Affinity Groups and four high-level technical sessions in collaboration with Societies and industry. Continue Section revitalization. Collaborate in the revitalization of Area 7 and South Carolina Council.
- ▶ Obstacles: Member's time and schedules.

Piedmont Section @ 2014 Sections Congress

› **Milestones**

- › Have met minimum number of meetings
- › Participate in reviving South Carolina Council

› **Goals**

- › Increase attendance at Section Meetings
- › Start a new student branch in Greenville
- › Increase student involvement and support
- › Have a distinguished lecturer in Section
- › Increase Professional Activities

› **Obstacles**

- › Member Involvement

Area 8

Kentucky, Southern Indiana

Goals

- . Help revitalize weaker sections.
- . Help improve communication between sections.
- . Improve communication between area chair and section chair.

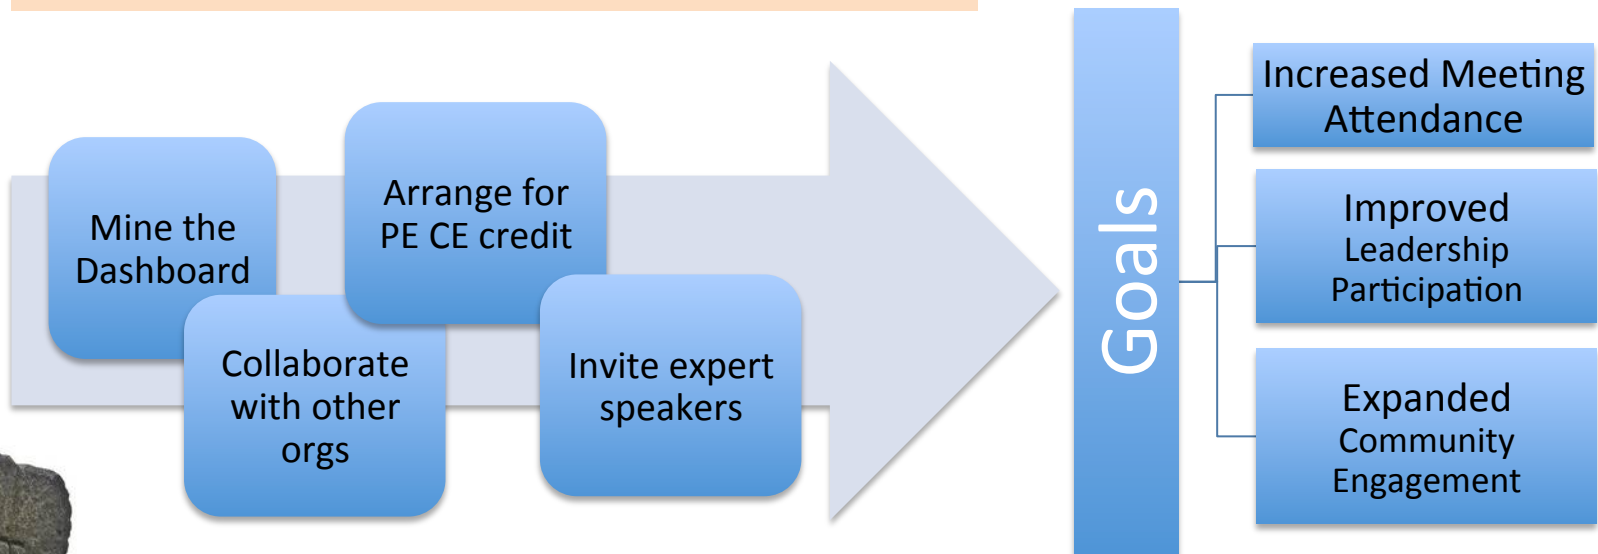

Milestones

- . Begun discussion regarding a joint meeting between all three sections in Area 8.
- . I have talked to Jim Conrad about a visit to meet with Area and Evansville section officers and speak at an Evansville section meeting.

Obstacles

- . Geographic distance between sections.

- General lack of interest among members
- Difficulty in finding local speakers
- Reluctance to recruit non-local speakers
- Limited time resources of members and officers

IEEE
Evansville Owensboro Section
2014

Paul Kuban, Chair

IEEE LEXINGTON SECTION

Section Chair – Adam Case Ward

Section Successes

❑ Continued Development and Growth of our Student Chapters

- University of Kentucky – Oldest Standing Chapter
- ITT Tech – Student Chapter – Started in 2009 and still growing

❑ STEM Outreach

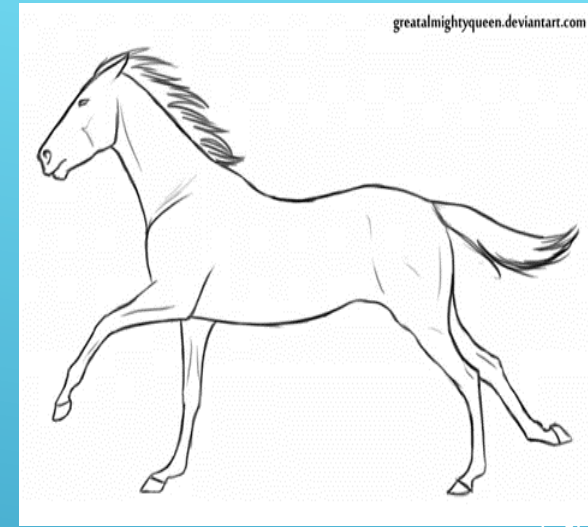

- Fayette Co. Schools 5th Grade Robotics Camp now in 34 Schools with 11 camp sites
- E-Day at UK Great success with simple motor kits

❑ Membership Support :

- Over 2014 75% of Meetings are technical or Professional Development subjects
- Provide Continuing Education for Membership

❑ SECTION ACTIVITIES

- Hosted 2014 SouthEast Con and was a great success for the Section

On-Going Collaboration:

- Section and IEEE Representation on the UK Power and Energy Institute of Kentucky Curriculum Board and the ITT Tech – Lexington Section Curriculum Steering Committee

GOALS:

- **Engage the Membership**
- Reconnect with remotely located members via electronic meetings
- Support the non-technical needs of varying age groups of members

FAILURES:

- CONNECTING TO REMOTE SECTION MEMBERS
- START AN IAS CHAPTER

Progress Since Southeast Con

- Still working on failures
- Looking to collaborate with the Cincinnati Section
- Hosting a reoccurring UK/Lexington Section Welcome Back EE Students
- Started an initiative to engage younger members to volunteer

Area 8

Louisville Section

- Goals.
- Milestones.
- Obstacles.

IEEE AREA 9 AND JAMAICA SECTION 2014

GOALS

- Minimum of Two service projects for 2014
- Develop a growing WIE interest
- Provide support to the Development of Jamaica as the fourth LOGISTICS HUB of the world
- Push e-membership

MEASUREMENT

- May review of planned activity

OBSTACLES

- Numbers willing to volunteer

Member Engagement & Life Cycle

Goals

- 4 New affinity Groups
- Elevate 200 Senior members

Milestones

- Senior Member efforts
 - Currently 86 YTD
 - 3 Review Cycles remain in 2014

Challenges

- Volunteer staffing
 - Section Involvement
 - Groom Leaders for role
- Engaging Members
 - Family Technical Programming
 - Providing professional development
 - Feedback
- Training volunteers
 - VIP program
 - Canned Business plan
