To: Region 3 ExCom  
Fr: Pat Donohoe, Region 3 Student Activities Chair  
Cc: Region 3 Committee  
Sb: Region 3 Student Activities Chair Report  
Dt: 13 October 2013

The Region 3 Student Activities Committee will offer three Student Branch Leadership Training Workshops throughout the Southeast during the Fall of 2014. The purpose of the workshops is to provide student branch leaders with the tools necessary to develop and implement a successful branch plan for the upcoming school year. Student leaders and Branch Counselors should plan to attend a workshop in their area. Local Section leaders are also encouraged to attend, especially Section Student Activities Chairs. The dates and locations of the workshops are:

Orlando, FL (September 27)  
Birmingham, AL (October 25)  
Richmond, VA (November 8)

The Student Branch Leadership Training Workshop in Orlando was held on the campus of Valencia College on September 27 with a total of 28 participants. Student Branch representatives from the University of South Florida, the University of Central Florida, Florida Atlantic University, and Valencia College and representatives from the Orlando and Florida West Coast Sections took part in the workshop. The Region 3 Student Activities Committee would like to thank Dr. Deb Hall (Valencia College) and Stan Buchanan (Orlando Section Chair) for their help in organizing the workshop.

IEEEXtreme 8.0 will take place on 18 October 2014. IEEEXtreme is a global challenge in which teams of IEEE Student members, supported by an IEEE Student Branch, advised and proctored by an IEEE member, compete in a 24-hour time span against each other to solve a set of programming problems.
