To: R3 EXCOM
Cc: R3 MELCC Jennifer Ammentorp
Sb: Region 3 Liaison Report for 13 Oct 2014 telecon
Dt: 13 October 2014

SoutheastCon 2015 WIE event:

E-mails were sent to all R3 WIE AGs and SBAGs to solicit ideas for a WIE event at SoutheastCon 2015. So far there are three suggestions:

'impostor syndrome' panel
'leadership style' presentation
sponsorship of student networking event (with food!)

I will continue to discuss ideas and finalize plans in the next 2 months.

2015 WIE ILC:

The first IEEE WIE International Leadership Conference held in San Francisco in May, 2014 was very successful and very well received. The 2015 conference will be held in San Jose, CA. Sections are encouraged to include in their 2015 budget support for their WIE AG Chairs to attend. Below are two links, one for the ILC home page and one for the registration options that lists the registration costs. There are discounts for students, IEEE members and WIE members. Early registration ends April 3, so please plan now to attend.

IEEE WIE ILC 2015

AG News:

Please encourage your AG and SBAG chairs to forward news items about the past and future activities to me, to post them on the Region 3 website or FB page, and to use VTOOLS for their meetings.
