The screenshot shows the IEEE InSight website homepage. At the top, there is a navigation bar with links for IEEE.org, Xplore Digital Library, Standards, Spectrum, and More Sites, along with 'Create Account' and 'Sign In' buttons. The main header features the 'IEEE USA InSight' logo. Below this is a blue navigation bar with categories like 'Careers', 'Policy', 'Views', and '@IEEEUSA', along with social media icons and a search bar. The main content area is dominated by a large hero image of a superhero silhouette with a lightning bolt on his chest, set against a sunset background. Text on the left of the hero image reads 'Pop Goes the Engineer' and 'Engineers and scientists have become the heroes of some of today's most popular movies and TV shows. They're pretty popular in rea...'. Below the hero image, there are three featured article thumbnails: 'Diversity' with a woman's portrait, 'Engineering Heritage' with a historical group photo, and 'eBooks' with a book cover titled 'Starting Your Start-Up'. An 'Archive' link is also visible. A small 'Advertisement' placeholder is present on the right side of the page.
