Chase if you have another report for Jacksonville, it should take precedence over this one.

Jacksonville Section Report for SECon 2016

1. The most active part of the Jacksonville section is its student branch at UNF.
2. Most meetings have been hosted by the student branch with several excellent programs organized by the UNF student branch chapter of the Computer society.
3. This year our section did cohost a conference on power testing.
4. In the coming year we will try a different approach to meeting scheduling and communication. Fixing the event on a monthly basis.

Respectfully submitted,
Butch Shadwell

Please submit reports and agenda items no later than noon on 2 April 2016 so that members can prepare for the meeting. Please send action items to Director Conrad (jmconrad@UNCC.EDU) and the Secretary Battaglio (ecbattaglio@gmail.com).

Looking forward to seeing you in Norfolk!

If you have any questions or comments, please contact me.

Thank you,
