

# Advancing Technology for Humanity: IEEE 2017 Update

Jim Jefferies, 2017 IEEE President-elect Region 3 Charlotte, North Carolina

## The Fuel of IEEE

#### Who we are

Forward-thinking technology professionals coming together ...

... to discover the next technological innovation,to develop international standards,to form communities,to share research and educate,in the spirit of collaboration

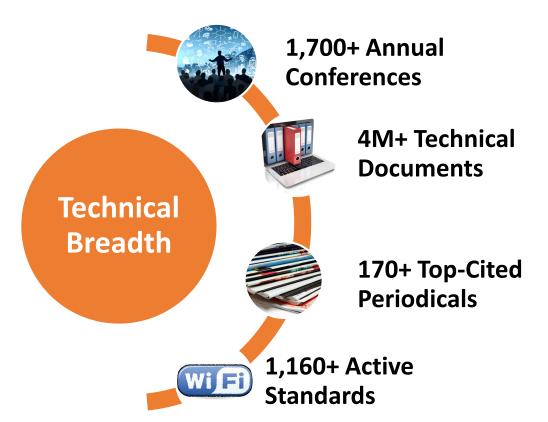

# **IEEE** at a Glance

# **IEEE** at a Glance

# **IEEE** at a Glance

# **Global Solutions to Global Challenges**

# **Expanding Global Outreach**

New technology connections

 IEEE collaborations around the world inspire innovation for those who develop and deliver technology solutions

#### **Future Directions Committee**

*IEEE's innovation engine* 

▶ IEEE focuses on what's next—enabling innovation and the creation of new technologies

Big Data

Cybersecurity

Green ICT

Internet of Things

Smart Cities

Rebooting Computing

Software Defined Networks

## **Future Directions Initiatives**

# **Maturity Level**

# The IEEE Approach

The global catalyst, center-point, and facilitator of technology

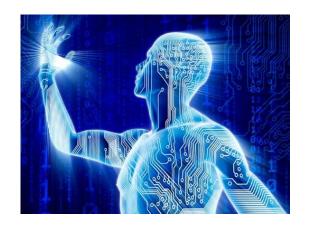

# **Global Convener on Public Policy**

International collaboration across the ethics landscape

- ▶ IEEE Global Public Policy Committee
- ► IEEE TechEthics™
- The IEEE Global Initiative for Ethical Considerations in Artificial Intelligence and Autonomous Systems
- ► The Society on Social Implications of Technology (SSIT)

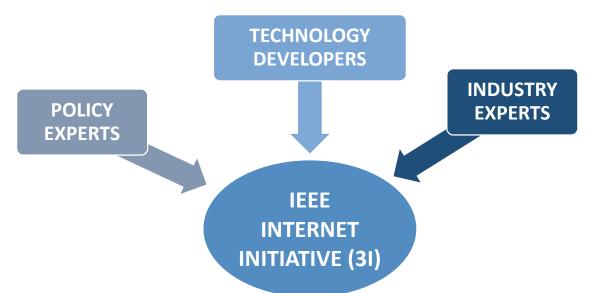

# **IEEE Internet Initiative (3I)**

Meeting stakeholder needs

 Provide a collaborative platform in the areas of Internet governance, cybersecurity, and privacy

# **IEEE Internet Initiative (3I)**

#### **2017 Working Groups**

- Internet policy engagements and contributions (Policy Track)
  - Develop position statements and policy communications
  - Identify highest priority issues and develop associated action plans
- Advancing internet inclusion (Inclusion Track)
  - Enabling meaningful, practical, and effective internet usage for all
  - Planning for April Internet Inclusion event underway
- Strategic technology enablement (Technology Enablement Track)
  - Harness IEEE expertise in addressing issues in internet governance, cybersecurity, privacy, and inclusion
  - Tech Policy asset development, targeting three new papers for 2017

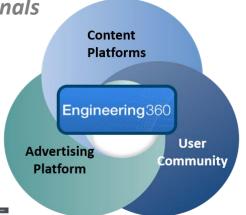

# **IEEE GlobalSpec Engineering360 Platform**

Largest online destination for engineers and technical professionals

- Business-oriented, content-rich marketing platforms that drives traffic and audience engagement
- Provides advertisers with a multi-media platform to access and engage directly with the engineering community

# **InnovationQ Plus**

#### Patent discovery and analysis

- ▶ Indexes IEEE full text publications with one of the largest global patent literature databases in the industry
  - 3M+ documents from IEEE journals, conferences, and standards
  - Global database of 70M+ patents and applications
  - IP.com's proprietary Prior Art Database
  - Invention disclosures of licensable technology from universities
  - Other non-patent literature including Pub Med and IETF

Bright Minds. Bright Ideas.

# **Training for Industry Professionals**

#### New 2017 IEEE programs

- Over 400 IEEE Continuing Education online courses help industry professionals stay up to date on the latest technologies
- Available Now:
  - Hacking Your Company: Ethical Solutions to Defeat Cyber Attacks
  - Cyber Security for Today's Environment
- ► Coming Soon:
  - The IEEE Guide to the Internet of Things (April)
  - NESC Standards Courses (April)
  - The IEEE Wake-Up Radio Road Map (Fall)
  - Artificial Intelligence and Ethics in Design (Fall)
  - Autonomous Vehicles (Fall)

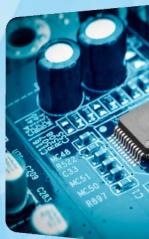

# **Creating the Next Generation of IEEE**

**Outcome of Post-Syntegration Strategy Session** 

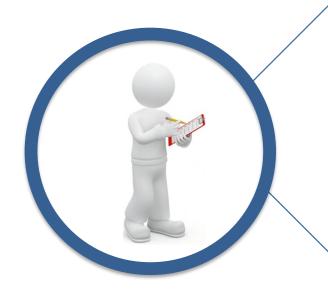

What should IEEE look like in 2025 to appeal to and serve young professionals and other underserved communities globally, and what should IEEE do to get there?

### **Session Objectives**

- Determine what a membership society like IEEE should look like in the future
- Find new ways to appeal to and better serve young professionals (including women and diverse global populations)
- Create long- and short-term plans to undertake the required transformation
- Engage leaders from across IEEE to co-create the plan and gain their buy-in and alignment

#### What Emerged...

In 2025 and beyond, IEEE is positioned to appeal to and effectively serve young professionals and other underserved communities globally.

[1] Engage, Enable, and Empower [2] Serve IEEE's Communities of **Diverse Global Communities** 

the Future

[3] Support the Development of **Young Professionals** 

#### **Strategies**

- Build the right infrastructure to enhance engagement and communications with top notch user experience
- Tailor the membership model to meet the needs of diverse communities
- Futureproof our engagement model

- Recognize the importance and promise of the African Continent
- Create a global entrepreneurship and innovation ecosystem
- A. Create a volunteer ecosystem to provide opportunities for Young **Professionals**
- Serve industry at the intersection of the supply and demand for talent

# **Appendix**

#### **Engage, Enable, and Empower Diverse Global Communities**

#### **Recommendations**

- Build the right infrastructure to enhance engagement and communications with top notch user experience
  - Build the right infrastructure to enhance engagement and communications with the best user experience--a portal driven by analytics
    - Use customers' data to drive communications and segmentation of customer type (categories) and include recognition of contributions
- Tailor the membership model to meet the needs of diverse communities
  - Launch a corporate membership for IEEE
    - Pilot in 2017 with between 2 and 3 corporations; consider in package offering industry distinguished lecturers, trend papers, education, innovation workshops, management, etc.
- Futureproof our engagement model
  - Consider appointment of a Young Professional as a non-voting member of the BoD
  - Foster collaboration on Strategic Agenda with underserved communities

#### Serve IEEE's Communities of the Future

#### **Recommendations**

#### Recognize the importance and promise of the African Continent

- Propose a non-voting member of the IEEE Board representing Africa
- IEEE Ad Hoc Committee on Activities in Africa to become a standing committee
- Consider 2020 BoD meeting and Sections Congress to be held in South Africa
- Develop an effective multi-format communication strategy for Africa

#### Create a global entrepreneurship and innovation ecosystem

- Create a series of local entrepreneurial activities in 3-5 low GDP countries with a reasonably strong IEEE presence
- Develop an ecosystem to support entrepreneurial activity where we can house and leverage all diverse assets we have in IEEE

#### **Support the Development of Young Professionals**

#### **Recommendations**

- Create a volunteer ecosystem to provide opportunities for Young Professionals
  - Develop VO4YP (Volunteer Opportunities for Young Professionals) Program
- Serve industry at the intersection of the supply and demand for talent
  - Develop Service Navigator
    - Develop Service Navigator as a handheld app connected back into IEEE Talent Marketplace and contributing to Xplore for Practitioners
  - IEEE Talent Marketplace
    - Develop back end for Service Navigator and connected to Xplore for Practitioners; delivers information to corporate and personalized services for members
  - IEEE Xplore for Practitioners
    - Store for data for practitioners, such as code, VMS development information, etc.
