Recent activities include assisting Director-Elect Vaughn update the Region documents to reflect the changes in structure approved by the Region Committee at its March meeting. Additionally, assistance has been provided to Director-Elect Vaughn regarding the planning for 2018 (to be reported elsewhere). A presentation on the change to the Region structure will be presented at IEEE Sections Congress in August.

The SPC sub-website is out of date and discussions are occurring as to whether to update the site or change to another form of making the information available.

The Region 3 History Document is being updated based on feedback from Past Director Randall.
