Director Elect Report

To: Region 3 ExCom
Subject: Region 3 Director Elect Report
Date: 19 March 2018

I have been participating in several Region 3 committee telecons, and am happy to see volunteers who are actively taking on their new roles. I am looking forward to what we can achieve together in 2018 and beyond!

I attended the IEEE Board Series in Orlando in February. I am serving on the MGA Board this year as the TAB representative, but I also attended the IEEE-USA Board meeting and the IEEE Board meeting. Gregg and I took advantage of some breaks during the Board Series to discuss SoutheastCon plans. I also continue to serve on the MGA Training Committee. In addition to my MGA activities, I continue as the VP Finance for the Sensors Council, and on the Board of Governors of the Computer Society.

In my position on the Computer Society Board of Governors, one of my activities is to serve as the CS Representative to WIE. I attended the WIE Committee meeting in March, and learned a lot about what WIE is doing and resources available to Regions/Sections. I will work with Allison Mercer, our R3 WIE rep, to help expand the Region 3 WIE activities.

Please feel free to contact me at any time with your questions/concerns. If I don't have the answer, I'll help you find someone who does.

Respectfully submitted,

Jill I. Gostin, Region 3 Director Elect

jgostin@ieee.org

Jill I. Gostin

Deputy Director, Information and Communications Lab

Principal Research Scientist

Georgia Tech Research Institute
