

MOVE Status January 28 2019

MOVE is being upgraded with additional radio installations to help with staying safe when traveling, including: Weather radio, CB radio and HAM radio. A new console is developed to hold all these in the cab. Work on this is well underway.

2 MOVE training classes are planned:

- March 24 – Atlanta
- April 14 – SoutheastCon – Huntsville, AL

Also a Red Cross Training DST 101 Class will be available at SoutheastCon April 11, 2018. First time attendees should arrive by 8:30. Repeat attendees should arrive at class by 11:00am for a refresher.

No travel expense funding is provided by the region or the MOVE Program for these classes.

John Balsam has joined the MOVE Core team as the Fundraising Chair.

Here is a tentative schedule for early in the year.

Date	Event Name	Location	Time	Status
