While I also volunteer with IEEE for IEEE-USA, IEEE-HKN, and IEEE Humanitarian Activities Committee, I will not include those activities in this report.

One of the roles of the IEEE Region 3 Past Director is to serve as the Nominations and Appointments Committee Chair. Our next major activity is to start filling the Region 3 ExCom positions (Chairs and committee members) for the 2020 year. I will first be sending a list of these positions in June, but you can start thinking about where you want to serve.

Not only can you serve you local Section and Region 3, but also IEEE-USA, IEEE-Member and Geographic Activities, IEEE-Technical Activities, IEEE-Publications, IEEE-Standards, IEEE-Educational Activities, or IEEE Board-level. Also think about how much time you have to devote to IEEE - some positions do take a lot of time. The members of the Nominations and Appointments Committee can help you with this decision.

James M. Conrad, PhD, PE, PMP, Professor and Associate Chair
