To: Region 3 ExCom

Subject: Region 3 Director Elect Report

Date: 12 April 2019

IEEE SoutheastCon 2019 is here -- welcome to Hunstville! I do hope to have the opportunity to meet all of you over the next few days. I hope you will also take the time to meet the other Region attendees.

Today (Friday), we are starting with two concurrent tracks, one for new/newer volunteers and one for experienced volunteers, starting at a deeper level. Tomorrow we will all be together in one room, and most of the Committee Chairs will report – specifically addressing the role of their committee and how their committee’s work helps/can help the Sections and Members. Mid-afternoon on Saturday we will have breakouts – choose whatever is of most interest to you. The breakouts will be deeper dives into some of the things discussed on Friday that could particularly benefit the Sections. Sunday morning will be the Region 3 Committee meeting.

Later today, the IEEE Presidents’ Forum will be held. This will overlap with the reception, although the reception will continue after the Forum is done (so you won't miss it!). After the reception, the Area meetings will be held. The Area meetings are led by the Area Chairs, and the Section representatives are expected to attend. On Saturday evening we will have the banquet, followed by a YP/WIE/Student networking event. Sunday during the committee meeting, each Section representative will be responsible for a very brief Section report -- 2 minutes max, covering up to 4 things – 1 2018 success, 1 2018 challenge, 1 2019 goal, and 1 thing learned at SoutheastCon. No slides are needed, but you may want to practice a few times to see what all you can say in 2 minutes!

Please provide me any suggestions/feedback you have about the Region meetings.

Thanks,

Jill

R3 Director-Elect 2018-2019
