To: Patrick Donohoe <p.donohoe@IEEE.ORG>

Cc: Hill, Donald <dhill@email.uky.edu>

Pat,

I respectfully submit my report for the Evansville-Owensboro Section.

2018 Success:

Our best attended meeting was April 2018 where the University of Evansville and University of Southern Indiana student teams presented on their SoutheastCon Hardware Competition robots.

2018 Challenge:

Getting meeting notices out to the section in a timely manner.

2019 Goals:

Get a section website created and a webmaster identified. We had an externally hosted website in years past, but the domain name and hosting lapsed a couple of years ago since we lost our webmaster.

Learned at SoutheastCon:

IEEE is the largest technical professional society in the world.

Brad
