The Young Professional (YP) Program for Region 3 restarted under the mentoring of the SSC Chair, Bill Marshall, in September.

Updates

The first YP event was co-hosted with the Piedmont Section YP AG. Event information was shared to the sections through the R3 Email list and the Section Chairs were asked to pass it to their respective sections by the SSC. The topic of the webinar was “Key Insights in **Career Management**” and it was presented on 24th September, by John Macdonald, a former PES president and Division 7 director working for GE (member of the Atlanta Section). The webinar had an attendance of ~40 members and a significant number of attendees were from NCSU. [The Q and A session had 5 questions.](#)

The YP committee also finalized a list of webinars for 2019 as given below.

1. “How to Ace your next Technical Presentation” – By Bob Swarner DTM (Toastmasters South Carolina District Director 2018/19) – **Communication - November 12 7-8 pm**
2. “So you want to be an Entrepreneur?” – By Richard Toftness (R5 High Plains Section) – **Entrepreneurship - November 23 11 am-12 pm**
3. “Volunteering for IEEE – What Is In It For Me?” – By Subodha Charles (R3 Gainesville Section) – **Leadership – December 10 7-8 pm**

The last webinar will end with a town hall to gauge the interest of the Young Professionals of Region 3 and get their feedback to help prepare better R3 sponsored events and also to provide optimal support to the volunteer leaders. With this webinar program the YP committee will have covered four useful areas of YP interests, Career Management, Communications Skills, Entrepreneurship and Leadership.

Other activities
