We are still trying to hold some working sessions to finish updates to the Committee and SoutheastCon Operations Manual. It has been difficult with everyone's busy schedules to find a time that everyone is available (including myself).

We have been working with the Jamaica Section to potentially host a future SoutheastCon in Kingston at a Convention Centre complex that is currently under construction. Other locations that have expressed interest in SoutheastCon 2023 are Orlando and Nashville/Memphis/Knoxville. Any other sections interested in potentially hosting SoutheastCon 2023 should let me know ASAP as I will be sending out Requests for Proposals to potential host properties starting this month.

We are looking forward to a successful SoutheastCon in Raleigh, NC next year.

SoutheastCon 2021 will be in Atlanta, GA

SoutheastCon 2022 will be in Mobile, AL

Sean
