Subject: [IEEE R3] Section Support Committee Report

The Section Support Committee has primarily focused its energy during the past month on the final two installments of the “IEEE R3 Fall Webinar Series”. We extended that series to include a December event. The two remaining are:

Webinar 1 - So you want to be an Entrepreneur? 23-Nov 11:00am EST

Webinar 2 - How to Ace your next Technical Presentation, 5-Dec 7:00pm EST

A preliminary notice was sent to these two email lists earlier last week, which was prior to having the connection details available. On 14-Nov, an R3 eNotice was submitted.

Two administrative items:

- We reported last month that it appeared that the eNotices were only going to a small fraction of the R3 membership. Upon further investigation, we discovered that they were being sent correctly, but that the mailings were being broken up into smaller subsets. It was one subset that we had based last month’s report on.
- We obtained a WebEx account for hosting SSC meetings and events for future R3 use.

Respectfully,
Bill Marshall
