Subject: [R3-EXCOM2020] Director Elect Report
Date: Monday, March 30, 2020 6:20:35 PM

I'm very sorry that we were not able to hold SoutheastCon earlier this month. I know the team put together a good program, and I hope we can make up for it later this year. Kudos to them for holding a virtual Technical Program.

In my role as Director Elect, I'm working with the Area Chairs, to help them be more successful. One of the things I've asked them to do is work with the Sections to make sure the Section websites are up to date and correctly linked from the Region 3 website. If you'd like to help Sections with their websites, let me know, and we'll connect you with local Sections.

I look forward to presenting "Succession Planning: Finding and Engaging Volunteers" during a to be scheduled WebEx. I hope you will be able to participate.

Thanks for all you do for IEEE, and let me know if there is any way I can help you.

Please stay healthy!

Theresa Brunasso
IEEE R3 Director Elect
