[IEEE R3] Area 1 Virginia Report for December 21, 2020; Annual Section Report;

### **For the attention of the ExCom and Region Committee – These may be of value to ALL Organizational Units (OUs)**

#### **Martin Schulman, former Region 2, Northern Virginia Chair attended a Richmond Section ExCom as a guest and contributed the following:**

- Event Analysis Tool: <https://www.employees.org/~mschulma/IEEE/dash/>. Take a look at Region 3 and drill down into the Sections, Chapters and Affinity Groups. This tool is not presently available via the vTools menu, but it is something that is on the wish-list and I thought Region 3 and its OUs would be sufficiently interested to move this to the top of planned vTools improvements.
- Sample Annual Report (Northern Virginia Section) – See the attached email item above, and its attached document. The comment “Most of this could be generated automatically today if we had the right API access” is particularly noteworthy.

### **SECTIONS in Area 1 Central Virginia, Hampton Roads, Richmond, and Virginia Mountain – There is no VA Council**

#### **Notable accomplishments of Area 1**

- **Accomplishments**

- The above have been communicated to the Area 1 Virginia Sections. Area 1 follow-up is needed.
- Asked all Section Chairs to attend the Region 3 Committee Meetings or have a substitute represent their Section.
- Asked all Section Chairs to file a brief Section Report to be posted in the Region meeting record.

IEEE Region 3, Area 1 Virginia

*Steve Kemp*, Area Chair
