**15 February 2021**

### **Papers**

111 papers were submitted to IEEE in early November and published a few days later in Xplore.

Of the remaining 51 papers, 46 have been collected, passed PDF eXpress, and copyright assigned to IEEE. I am still waiting for one copyright assignment that has until tomorrow end-of-day. The remaining "papers" actually never had submitted a final paper and have not responded to emails. The 46-47 papers will be packaged as an addendum and sent to IEEE by me this week.

### **Closeout**

A total of \$20,818.44 surplus was generated from IEEE SoutheastCon 2020, resulting in a distribution of \$10,409.22 each to Region 3 and the ENCS earlier this month. This is after paying back the \$18663.28 in seed money and loans to R3 and ENCS. With our total budget cut to \$51,491.60 after all of the cancellations, we ended up with a net 40.4% surplus, which may even beat 2019...
