

# IEEE R3 Melbourne Section Report for January 24, 2022 R3 EXCOM Mtg

- **Issues requiring action by the Region 3 Committee or ExCom**
  - No new issues
- **Success/Opportunities for Engaging the Member, Volunteer, Non-Member, Public**
  - Our next Section Newsletter, the IEEE Melbourne Section Space Coast Signal, was sent out at the beginning of the month in preparation for our January 2022 Section Meeting
  - Our Section meetings are currently scheduled for odd months, on the third Wednesday of the month
  - Our next meeting is on March 16<sup>th</sup>
  - We are looking forward to a great 2022!!!! In the plans are our yearly High School Science Fair judging at the beginning of February and we are laying plans for our Spring 2022 Social or Picnic. Many technical meetings are in the works and the schedules will be published soon
- **Notable section activities (Positive and Negative)**
  - The year is very young but we already had a good first Section Meeting and the attendees were very motivated to get us going. We had four members attend for the first time since I have been chairman so we were pleased at the interest generated by our work throughout the year. We are looking forward to working more closely with the rest of the Sections in Area 3 as well as with other Sections both national and international
