IEEE Region 3 Area 4 Report

Paul Kuban - February 24, 2022

I attended several Area meetings with Eric Grigorian to get up to speed with the new position.

I attended several R3 ExCom meetings.

I reviewed the R3 awards, voted, and attended the initial awards meeting, as well as the R3 awards confirmation meeting.

I sent an introductory email to all Area 4 sections, including a plea for all sections to get their reports in on time. Out of 8 sections, I received only 2 replies (Evansville-Owensboro and Louisville).

I sent an email to all Area 4 sections, requesting information on their associated student chapter leaders and encouraging them to attend SoutheastCon. Out of 8 sections, I received only 2 replies (Evansville-Owensboro and Lexington).

I met with Joe Pennisi to discuss the financial aspects of the Area 4 position and to clarify the R3 SoutheastCon reimbursement protocol.

I met with a member of the Tri-Cities (defunct) section to discuss ways to revive their section. I also fielded several emails on this topic. Work in progress.

I registered for SoutheastCon and reserved my hotel rooms.

I checked out OU Analytics and was able to get a list of all the volunteers in the Area 4 sections.
