Fr: David Fillion, Chair, Professional Activities Committee

Date: 20 February 2022

The current focus of the Professional Activities Committee is organizing the committee to the changes in the Region 3 Operations Manual and IEEE USA. IEEE USA discontinued PACE (Professional Activities Committee for Engineers) effective January 1, 2022. Region 3 decided to continue with a Professional Activities Committee funded by the region.

Professional Activities Committee:

David Fillion - Chair

Jacquelyn Cunningham - Past PCA Chair

Nelson Lourenco - Employment and Carrier Services Coordinator

Lee Stogner - Government Affairs Coordinator

Bailey Ulferts Heyman - Student Professional Awareness Coordinator

The Professional Activities Funds Request form has been updated. Contact PAC Chair, David Fillion, for the latest form.

The Region 3 Website Professional Activities web page is currently being updated.

PAC has received one request for the form for a STEM activity.

The PAC Responsibilities are:

1. Encourage and support the sections in ensuring the professional growth of all members at all levels of Region 3.
2. Work with others in the Region ExCom to encourage, develop, and nurture programs that stimulate interest in science, technology, and math of pre-college students and encourage their later participation in the IEEE.
3. Submit the Professional Development Report as required by IEEE-USA (in conjunction with the Treasurer).
4. Coordinate the work to optimize the effectiveness of the professional activity interface with Region 3 federal, state, and local government entities.

5. Encourage student branches to hold events to promote professional awareness.

A Senior Member Round Up was held on January 29, 2022 sponsored by FWCS (Florida West Coast Section) that included members from different sections in the Region. This Senior Member Round Up was for the February 19, 2022 A&A Review Panel. Region 3 Senior Member Elevation Coordinator, Andy Seely, is coordinating the Senior Member Round Ups. The next Senior Member Round Up is scheduled for March 19, 2022 for the April 2022 A&A Review Panel.
