Sb: PProfessional Activity Committee Report

Dt: 27 February 2023

The Region 3 Professional Activity Committee finished 2022 with several events.

For 2023, there is an adjustment to the procedure for funds. When a Section submits a requesting for funding, once it is approved, the R3 Treasurer will send the approved funds to the Section. The Section will be responsible for managing the funds. They will also be responsible for maintaining all appropriate documentation.

A number of requests had to be refused because they were technical in nature. Professional Activities are non-technical in nature. STEM activities are considered Professional Activities. Examples are networking events, Career Workshops, Senior Member Banquets.
