Pi Day Celebration at IEEE - MVSR Engineering College Student Branch

Pi day, the annual celebration commemorating the constant Pi (π) is celebrated on March 14 around the world. Pi (π) is a mathematical constant that is the ratio of a circle's circumference to its diameter, and it is also one of the most revered mathematical constants in the known world. Pi day was officially celebrated on large scale in 1988 at San Francisco Exploration. Since then, Pi day has been celebrated by millions of students & math-lovers. The day is celebrated annually on March 14 because of the resemblance of the date 3-14 with the value of the constant Pi (π) i.e. 3.14 (value up to 2 decimal points).
