REPUBLIC DAY CELEBRATIONS 2015 SLUM SURVIVAL DAY

Republic day is celebrated every year on 26 January to commemorate the date and moment when the constitution of India came into effect. Although India attained Independence on August 15, 1947 but till 1949 it did not have a permanent constitution of its own and instead were functioning under the laws enacted and implemented by the British. After many amendments the constitution was approved and accepted on November 26, 1949 that came into force in a full-fledged fashion from on 26 January, 1950.
