

MATLAB® & SIMULINK®

MATLAB and Simulink Technology Days University of South Australia

7th & 14th August, 2008

Join MathWorks engineers as they demonstrate how MATLAB® and Simulink® can be used as a flexible platform for technical computing, systems modelling and application development in engineering, math, and science curricula and research.

MATLAB Day Topics (7th August):

- Introduction to MATLAB
- GUI Building & Deployment

Simulink Day Topics (14th August):

- Modelling & Simulation with Simulink
- Implementation & Verification with Simulink

7th August – MATLAB Day
2:00pm – 5:00pm

14th August – Simulink Day
2:00pm – 5:00pm

Registration will begin at 1:45pm.

University of South Australia
Mawson Lakes Campus
ITR Lecture Theatre - SPRI
Building (Building W)
Mawson Lakes, SA 5095
