

IEEE UKRI Student Congress 2007

York

The University of York IEEE Student Branch is organising a UK-wide IEEE Student Congress on June (1-3), at the University of York campus.

The congress will be an opportunity for all IEEE UK students to meet, socialize, and attend talks from distinguished Senior

IEEE members and various companies.

- Technical talks
- Company presentations
- Training courses
- Social events
- Various company stands

“ This is a platform where the engineers of tomorrow will see the future of engineering and technology through the eyes of the experienced professionals today. ”

Take this unique opportunity to promote the IEEE spirit, meet fellow members and distinguished academics, and present your CV to the participating companies. You also get the chance to visit the beautiful history city of York and its many touristy attractions.
