Re: Policy in regard to mass e-mailings

---

Current EdSoc policy is determined by the decisions that I have made as events have arisen. There has not been any formal discussion of policy. Policy is currently my discretion. At this time I would like to have some input from the AdCom. At present the EdSoc 'policy' for sending bulk email (via the IEEE e-Notice mechanism) to all Education Society members is such:

A mailing must be:

- Within the Field of Interest of the Education Society, or, of-interest to EdSoc members, or notices required by the Bylaws.

We currently do not send:

- job vacancy notices,
- general requests for information, complete surveys and such,
- notices about the death of a member.

In the event of a death of an EdSoc member, we tend to post that on the main Web page and/or in News&Notes.

In many instances, I refer requests that we do not process to the ASEE's ETD list.
