

**IEEE-IAS/IES CHICAGO CHAPTER
FEBRUARY TECHNICAL SEMINAR 2009
APPLICATION AND DESIGN OF FIRE ALARM SYSTEMS**

February 21, 2009, 7:30 am to 4:00 pm
Midwest Conference Center - 401 West Lake Street, Northlake, Illinois 60164

Topic

An overview of Fire Alarm System Application, Design and Installation with comparisons between NFPA 72 and the Chicago Electrical Code.

Speaker

Our featured speaker will be Michael Kucinski, System Application Specialist from Simplex Grinnell. Mr. Kucinski has over 25 years of Fire Alarm System design, application and installation experience starting as a field technician with Standard Electric Time and leading up to his current position as System Applications Specialist responsible for the functional design of the fire alarm systems.

Agenda

- Registration and Continental Breakfast (7:30AM)
- Fundamentals of Fire Alarm Systems (8AM)
- Break
- NFPA 72 Code Basics and Updates
- Lunch
- Chicago Code Fire Alarm Systems
- Break
- Design Considerations and Q&A
- Conclusion (4PM)

MAIL IN REGISTRATION FORM
