Call for Papers 2009

The Industrial and Commercial Power Systems Department (I&CPS) of the IEEE Industry Applications Society, the sponsoring department for many recommended practices, most notably the IEEE "Color Books", is requesting papers for presentation at either:

Industrial and Commercial Power Systems Technical Conference
May 3-7, 2009
Calgary, Alberta, Canada

or

Industry Application Society 44th Annual Meeting,
October 4-8, 2009
Houston, Texas, USA

Papers are requested that treat practical application issues in the general areas of industrial and commercial power distribution system design, protection, energy, codes and standards, power quality, maintenance and safety, and related subjects. All papers presented at these conferences will be subjected to a thorough peer review & evaluated for subsequent publication in either the IAS Transactions or IAS Magazine. Authors must be in attendance to present their papers. All submittals and communications during the review process must be done electronically. A working e-mail address for each lead author is required.
