Seminar – 2005 NEC® Changes Seminar – James Stallcup Presenter

Date: February 22, 2005

Location:

IBEW Austin Joint Apprentice Training Center
4000 Caven Road
Austin, TX 78744

Time: 8:00 AM to 5:00 PM

Improve your understanding of the NEC changes in this seminar featuring discussion of the major code changes and a behind-the-scenes look at why the changes were made. This knowledge will dramatically improve the usability of this document to help you get the job done quickly and accurately. Find out how to locate and apply the 2005 NEC changes and increase your electrical expertise! The new 2005 National Electrical Code® contains significant changes impacting how you do your job. This seminar will quickly boost the usability of the new code by helping you understand how to locate and implement the code changes.

Professional Development: Update broadly covers residential, commercial and industrial with emphasis on high-end commercial and industrial. 7 PDU continuing education hours will be given for participation. This class will include the "laws and regulations" component in addition to the code update instruction for State of Texas electrician license renewal.

Our Presenter: As President of the Electrical Section of NFPA, Chairman of Code Making Panel 14 and principal member of several technical committees, James Stallcup, Sr. has earned a reputation as a knowledgeable and respected authority in the electrical industry. He has gained prominence as a nationally known consultant to industry.

Our Sponsors:

- Gold - \$100
- Super Gold - \$250
- Super Extra Gold - \$500

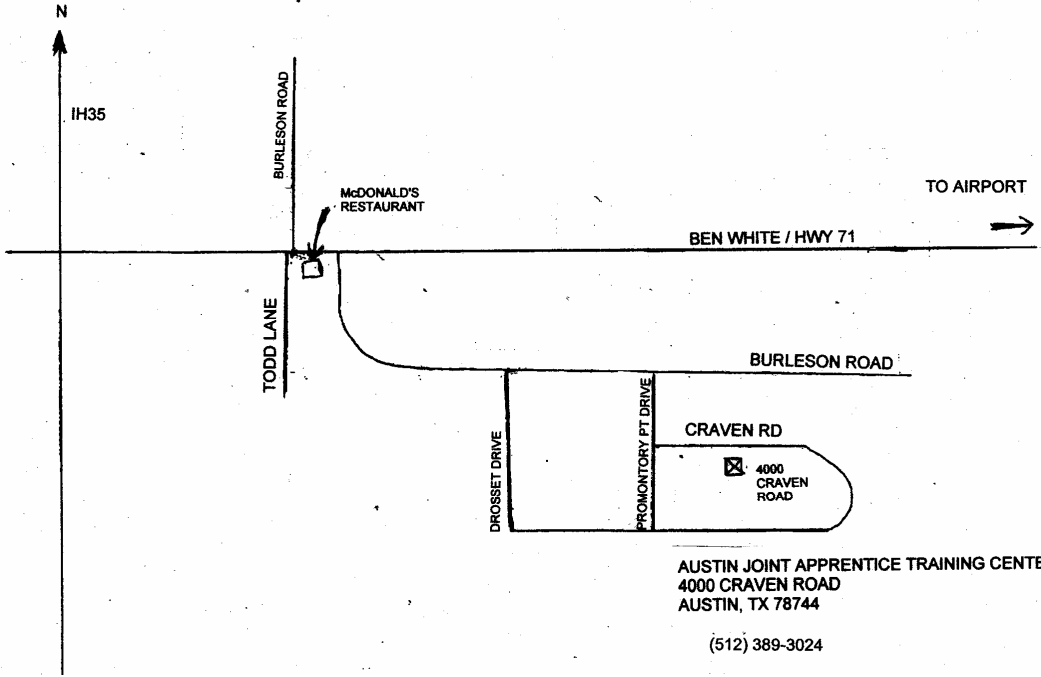

Sponsors will provide exhibits for viewing at lunch and during breaks

RESERVE YOUR SEAT NOW. Space is limited. Send \$50.00 check or money order and enrollment form to:

IEEE PES
