

EDUCATIONAL TALK: Energy Efficiency – Power Factor and Its Consequences

7th March 2007, 9am-11am

Symphony Hall, Level 3

Stesen Sentral Kuala Lumpur

Kuala Lumpur Sentral

On the 7th February 2007, an educational talk has been delivered by Dr. Ir. Zahrul Faizi bin Hussien entitled 'Energy Efficiency – Power Factor and Its Consequences' at the Stesen Sentral Kuala Lumpur. The audience mainly consists of tenants of the commercial complex. The attendance was 24 people, ranging from banking, restaurant and office tenants. The talk aims to promote energy efficiency and how it can be increased by improving the power factor. Lively discussion followed especially on the need to preserve energy and steps to be taken to improve power factor.
