

Ottawa Electricity Deregulation Symposium and Tutorial 2002

"Tricks and Treats in Evolving Electricity Markets"

At: Ben Franklin Place, Ottawa

On: November 1, 2002

Tutorial: Physical and Market Mechanisms for Non-Power System Professionals

Instructors: Carl Kropp & Aidan Foss

- 8.45 Registration
- 9.15 Ontario Power System Overview
- 9.45 Transmission Constraints
- 10.15 Refreshments
- 10.30 Power System Management
- 11.00 Ontario Deregulated Trading Arrangements

Symposium: Risks and Opportunities in Deregulated Electricity Markets

- 11.30 Registration and Buffet Lunch
- 12.30 Welcome / Opening Remarks
Dr Mo El-Hawary, President IEEE Canada
- 12.40 The First Six Months of the Ontario Wholesale Electricity Market
Mike Isber, Market Relations Consultant, Independent Electricity Market Operator
- 1.10 Environmental Drivers on Electricity Generation and Consumption
Mike Gerbis, President, Delphi Group, Ottawa
- 1.40 Distribution Network Management
Brian Doxtator, Asset Manager, Hydro Ottawa
- 2.10 **Special Presentaion:** The Role of the National Research Council of Canada, Institute for National Measurement Standards, in a Deregulated Electric Power Industry
Dr. Eddy So, Director, Institute for National Measurement Standards, National Research Council of Canada.
- 2.30 Refreshments
- 2.45 Risks and Opportunities for Energy Traders and Usres
 - **Consumer's View:** Andrew Pride, Vice-President, Minto Energy Management
 - **Portfolio Generator's View:** Ron Robinson, Vice-President, Portfolio Management, OPG Energy Markets, Ontario Power Generation (OPG)
 - **Retailer's View:** Max Cananzi, Vice-President, Energy Portfolio Management and Generation, Toronto Hydro Energy Services Inc.
 - **Procurement Consultant's View:** Greg Clarke, Director, Energy Services, Energy Ottawa.
- 4.00 Panel discussion
- 4.45 Closing Remarks
