

2007 IEEE Symposium on Product Compliance Engineering

22 - 23 October 2007
Longmont, Colorado

Product Safety • EMC • Environmental • Product Regulations
Components • Safety Research • Standards Activities
Networking • Professional Recognition • Career Advancement

Sponsored by the
IEEE Product Safety Engineering Society

Compliance Engineering - A new phase in a Practical World

<http://www.ieee-pses.org/symposium/>

Continue your exploration into the practical side of Engineering in an interactive experience on the latest advancements in compliance engineering

Expand your understanding on theory put into practice through standards, regulations, and codes used in the design of products

Join your colleagues in a forum for exchanging ideas, practical experiences, work experiences, and business cards. Participants include Engineers, Technicians, Educators, Consultants, Local, State and Federal regulators, Administrative personnel, and standards committee members.
